The New Politics of the Textbook Heather Hickman, Brad J. Porfilio, 2012-10-29 In an era when corporate and political leaders are using their power to control every aspect of the schooling process in North America there

has been surprisingly little research on the impact of textbook content on students The contributors of this volume and its partner The New Politics of the Textbook Problematizing the Portrayal of Marginalized Groups in Textbooks guide educators school administrators academics and other concerned citizens to unpack the political social and cultural influences inherent in the textbooks of core content areas such as math science English and social science They urge readers to reconsider the role textbooks play in the creation of students political social and moral development and in perpetuating asymmetrical social and economic relationships where social actors are bestowed unearned privileges and entitlements based upon their race gender sexuality class religion and linguistic background Finally they suggest ways to resist the hegemony of those texts through critical analyses critical questioning and critical pedagogies *Textbooks and War* Eugenia Roldán Vera,Eckhardt Fuchs,2018-10-04 This volume reflects on the role played by textbooks in the complex relationship between war and education from a historical and multinational perspective asking how textbook content and production can play a part in these processes It has long been established that history textbooks play a key role in shaping the next generation s understanding of both past events and the concept of friend and foe Considering both current and historical textbooks often through a bi national comparative approach the editors and contributors investigate various important aspects of the relationships between textbooks and war including the role wars play in the creation of national identities whether the country is on the winning or losing side the effacement of international wars to highlight a country s exceptionalism or the obscuring of intra national conflict through the ways in which a civil war is portrayed This pioneering book will be of interest and value to students and scholars of textbooks educational media and the relationships between curricula and war

Leadership Challenges in High Schools W. Norton Grubb,2015-12-03 Principals are responsible for an increasing range of duties in an era of school reform standardized testing and more These responsibilities are even greater in high schools which are many times larger and more complex than elementary and middle schools Yet little has been written on the special challenges of high schools and their leadership This book fills the gap by exploring the challenges specific to high schools including their size and complexity the special difficulties in improving instruction the crucial role of high schools for students futures adolescent behavioral issues and many more Grubb shows how principals and other leaders can address the complexities of multiple pathways or efforts to create theme based trajectories through high school one of the most promising high school reforms Looking to the future he offers alternative ways of preparing professionals for high schools and the responsibilities of districts for improving high schools and their leadership *Teaching Middle Level Social Studies* Scott L. Roberts,Benjamin R. Wellenreiter,Jessica Ferreras-Stone,Stephanie L. Strachan,Karrie L. Palmer,2022-03-01 This textbook is a comprehensive and practical guide to teaching middle level social studies Middle level students are just as capable as high school students at engaging in hands on progressive reflective activities yet pedagogical strategies designed specifically for the middle grades are often overlooked in teacher education programs This text provides both progressive

Thematic Teaching of Women's Rights Issues with Social Studies Trade Books Jeremiah Clabough, Natalie Keefer, 2023-09-29 This edited volume presents a distinctive approach for exploring pedagogical frameworks methods and strategies for teaching thematically about women s rights using social studies trade books After an introductory chapter by Jeremiah Clabough that provides a compelling rationale for thematic teaching of women s rights issues and controversial

topics Natalie Keefer and Tori Flint situate the remaining chapters within the context of theory and research on women's rights issues and include a discussion of implications and considerations for the role multiple literacies have in advancing women's rights in North America and beyond. In subsequent chapters a diverse assemblage of respected scholars within the field of social studies education introduce important women who advanced women's human rights in the United States paired with a notable trade book about their life challenges and achievements. Then chapter authors describe student-centered pedagogies with inquiry-based pedagogies aligned with the NCSS C3 Framework that teachers can implement with upper elementary and middle school students to seamlessly integrate literacy and social studies for the purpose of thematically teaching about women's rights.

Handbook for Achieving Gender Equity Through Education Susan S. Klein, Barbara Richardson, Dolores A. Grayson, Lynn H. Fox, Cheris Kramarae, Diane S. Pollard, Carol Anne Dwyer, 2014-05-22

First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education. This new expanded edition provides a 20-year retrospective of the field, one that has the great advantage of documenting U.S. national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX, the landmark federal law prohibiting sex discrimination in education equity programs and research. Key features include:

- Expertise: Like its predecessor, over 200 expert authors and reviewers provide accurate, consensus, research-based information on the nature of gender equity challenges and what is needed to meet them at all levels of education.
- Content Area Focus: The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters, including mathematics, science, and engineering.
- Global Diversity Focus: Global gender equity is addressed in a separate chapter as well as in numerous other chapters.
- The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans, Latinas/os, Asian and Pacific Island Americans, American Indians, gifted students, students with disabilities, and lesbian, gay, bisexual, and transgender students.
- Action Oriented: All chapters contain practical recommendations for making education activities and outcomes more gender equitable.
- A final chapter consolidates individual chapter recommendations for educators, policymakers, and researchers to achieve gender equity in and through education.

New Material: Expanded from 25 to 31 chapters, this new edition includes more emphasis on male gender equity and on sexuality issues, special within-population gender equity challenges, race, ability, and disability, etc., coeducation, and single-sex education. Increased use of rigorous research strategies such as meta-analysis showing more sex similarities and fewer sex differences, and of evaluations of implementation programs. Technology and gender equity is now treated in three chapters: women's and gender studies, communication skills relating to English, bilingual and foreign language learning and history, and implementation of Title IX and other federal and state policies. Since there is so much misleading information about gender equity and education, this Handbook will be essential for anyone who wants accurate, research-based information on controversial gender equity issues: journalists, policy makers, teachers, Title IX coordinators.
