Patriot Survival Guide:

Alone and Unafraid Jason Hanson (Security specialist),2018 America's Survival Guide Michael Warren,2007
America was founded on certain First Principles which are the critical underpinnings of our free society the rule of law unalienable rights equality the Social Compact and limited government Supported by extensive research and fuelled by a true passion and respect for the profound vision of America s Founding Fathers Michael Warren proves how they have guided us in our journey to become the greatest and most free nation in the world He exposes how our knowledge of our principles and history has eroded to the point of near non existence and that this is a threat to our survival much more serious than what may come to us from outside our borders Warren proposes thoughtful and needed reforms to enable America to rise above the impending doom from within and reclaim the greatness envisioned by the Founding Fathers

The Complete Idiot's Guide to National Security Michael Benson,Danny O. Coulson,Allan Swenson,2003 Provides information on national security in the United States before and after the September 11 terrorist attacks *The Ultimate Guide to Understanding Terrorism and Counterterrorism* Dr. Jeffrey C. Fox,2021-07-14 This book is for anyone who is interested in learning about terrorism in all its forms For over four decades I have studied terrorism trained to deal with it dealt with it and taught it as an academic discipline Over these decades I have seen an already complicated topic become even more difficult to understand The field of study has grown as the world has gotten smaller Ask anyone what terrorism is and you will get a myriad of answers Even in academia the topic has become more convoluted As with crime there are many theories espoused as to why one commits terrorism and why terrorism exists It appears to me that many academics researchers policymakers authors and journalists in general view this topic with a tainted lens based on their own world view Some act as apologists for terrorists while often doing so in a subtle manner Some try to expand the definition and concept well beyond the scope that it should be found I have students who do this all the time We seem to be living in an emotion driven society instead of a fact driven one A relatively new trend is to use the word extremist as a synonym for terrorist There are several problems with this First this creates a net widening effect which lumps those who we disagree with in that net Second who gets to decide who or what is extreme Third and finally it waters down and muddies the study of terrorism This does not mean that an extremist might not become a terrorist Having pointed out the minefield terrorism can be my goal is to offer an academically sound real world fact based explanation on terrorism Terrorism can be a politically charged topic I ask that as you read this book you check what is written digest it and make your own decisions on what you have read It is highly likely some of your thinking will be challenged When I began to teach homeland security which includes terrorism I made a promise to myself that I would never be politically correct Political correctness is what some terrorists rely on and is one of our worse habits We will cover several overarching themes We will look at what terrorism is and is not We will explore the historical roots of terrorism We will

discuss the causes of terrorism as well as terrorist typologies Next we will examine domestic terrorism and international and ethnic terrorism Then we will dive into religion and terrorism and spend time looking at Islamic terrorism and Jihad We will examine asymmetric warfare including terrorists tactics and weapons of choice We will discuss terrorist financing and explore counterterrorism *The American Patriot's Treasury of Historical Thanksgiving Dinner Ideas* Carrie Franzwa, 2009-08-01

did it become child abuse to spank your kids instead of child abuse to avoid it Why do we have such visceral reactions to politics when by and large we know so little about how it actually works When is social media going to finally stop messing around and just bring the full on possession And why is it that as we march further and further along the road of progress growing our collective knowledge and technological means of dealing with life along the way we seem to be regressing socially at an equally break neck pace AM I CRAZY An Unapologetic Patriot Takes on the Insanity of Today s Woke World explores human misbehavior and stupidity in all its naked splendor with laugh out loud humor JOIN THE CHAD PRATHER POSSE
