Subcommittee on Workforce Protections, 2009 **Oversight of the GSA and Energy Efficiency in Public Buildings** United States. Congress. Senate. Committee on Environment and Public Works, 2015 **Green Jobs for Sustainable Development** Ana-Maria Boromisa, Sanja Tišma, Anastasya Raditya Ležaić, 2015-06-26 A green economy must be built on green jobs the kind of employment that is low carbon intended to reduce energy use and expected to restore environmental quality But attempts to define exactly what a green job is have led to varied and often contradictory answers There are many unresolved questions including whether we consider jobs in the nuclear fuel industry to be green jobs Or is a worker at a glass making company which supplies the glass for the solar photovoltaic industry doing a green job given that glass making is a dirty industry This book deals with the relationship between green concepts green jobs green economy green growth and sustainable development It examines to which extent creation of green jobs supports overall economic development as opposed to creation of elitist jobs and greenwashing In order to do so general conceptual frameworks for green jobs green economy green growth and green policy are presented as well as their implementation in ten countries selected among the Group of Twenty The selection includes advanced the European Union the United States of America Australia Canada Republic of Korea Japan and developing countries Mexico China Turkey and Brazil The analysis presented in this book shows that although green concept is well intentioned its implementation depends on local circumstances economic political and social Developed countries perceive green growth as a way to create new markets and demand while developing countries rely more on labor intensive growth and less expensive green jobs Thus greening the economy does not diminish differences between rich and poor This book is suitable for those who study and work in Ecological Economics Sustainable Development and Labor Economics **Regulating to Disaster** Diana Furchtgott-Roth, 2012 Debunks the sentiment that the creation of green jobs can save the American economy claiming for instance that pursuing solar and wind technologies actually creates manufacturing jobs in China and South Korea rather than at home Energy and Water Development Appropriations for 2011: Dept. of Energy: Environmental management and legacy management; energy efficiency and renewable energy ... science and ARPA-E United States. Congress. House. Committee on Appropriations. Subcommittee on Energy and Water Development, 2010 **Ecotrain Green Career Guide Almanac** , 2010-03-15 **How Green is My Library?** Sam McBane Mulford, Ned A. Himmel, 2009-12-22 While there is a broad spectrum of ecological sophistication within libraries nationwide and some regions are at the forefront of sustainable of sustainable design and operations others are just beginning or have yet to integrate materials recycling into their daily practice A few jurisdictions are mandating LEED certified buildings and carbon neutral practices while others do not yet

Morriss,William T. Bogart,Roger E. Meiners,Andrew Dorchak,2011-02-09 *The False Promise of Green Energy* illustrates the irresponsibility of attempting to transform modern society with borrowed money wishful thinking and bad economics It shows how the top down control programs offered by green energy and green jobs advocates are unlikely to achieve positive results compared with allowing competitive forces to

continue to provide ever greater environmental quality and energy efficiencies **Green Jobs** Michael Renner, Sean Sweeney, Jill Kubit, 2008 Green jobs employment that contributes to protecting the environment and reducing humanity's carbon footprint will be a key economic driver of the 21st century This report explores the role green jobs will play within the various industries energy production construction transportation energy intensive industries recycling and re manufacturing and agriculture and forestry **The Green New Deal and the Future of Work** Craig Calhoun, Benjamin Y. Fong, 2022-08-30 Catastrophic climate change overshadows the present and the future Wrenching economic transformations have devastated workers and hollowed out communities However those fighting for jobs and those fighting for the planet have often been at odds Does the world face two separate crises environmental and economic The promise of the Green New Deal is to tackle the threat of climate change through the empowerment of working people and the strengthening of democracy In this view the crisis of nature and the crisis of work must be addressed together or they will not be addressed at all This book brings together leading experts to explore the possibilities of the Green New Deal emphasizing the future of work Together they examine transformations that are already underway and put forth bold new proposals that can provide jobs while reducing carbon consumption building a world that is sustainable both economically and ecologically Contributors also debate urgent questions What is the value of a federal jobs program or even a jobs guarantee How do we alleviate the miseries and precarity of work In key economic sectors including energy transportation housing agriculture and care work what kind of work is needed today How does the New Deal provide guidance in addressing these questions and how can a Green New Deal revive democracy Above all this book shows the Green New Deal offers hope for a better tomorrow but only if it accounts for work's past transformations and shapes its future **The Report: Gabon 2013** Oxford Business Group, 2013-10-07 In recent years the country has sought to accelerate economic diversification emphasising growth in its industrial agricultural and service sectors The second biggest economy of the Economic and Monetary Community of Central Africa which the country is chairing in 2013 Gabon has a population of 1.6m according to the most recent data available from the World Bank The country benefits from a wide base of natural resources including large mineral deposits and timber as well as arable land all of which have helped feed its export revenues and boost headline indicators However it is the oil and gas sector that has been the dominant sector with the country's onshore and offshore blocks making it the fifth largest producer on the continent Production has been maturing recently prompting the search to shift to deep offshore blocks but also encouraging greater diversification through the government's Gabon Emergent strategy which looks to channel capital and activity into key sectors such as tourism and manufacturing **Handbook of Sustainable Development** Giles Atkinson, Simon Dietz, Eric Neumayer, Matthew Agarwala, 2014-09-26 This timely and important Handbook takes stock of progress made in our understanding of what sustainable development actually is and how it can be measured and achieved
