Four Plays: "The Recruiting Officer," "The Beaux' Stratagem," "The Constant Couple," and "The Twin-Rivals."

George Farquhar, 2009-03-01 Included in this volume The Recruiting Officer The Beaux Stratagem The Constant Couple and The Twin Rivals The Play Within the Play Gerhard Fischer, Bernhard Greiner, 2007 The thirty chapters of this innovative international study are all devoted to the topic of the play within the play The authors explore the wide range of aesthetic literary theoretical and philosophical issues associated with this rhetorical device not only in terms of its original meta theatrical setting from the baroque idea of a theatrum mundi onward to contemporary examples of postmodern self referential dramaturgy but also with regard to a variety of different generic applications e g in narrative fiction musical theatre and film The authors internationally recognized specialists in their respective fields draw on recent debates in such areas as postcolonial studies game and systems theories media and performance studies to analyze the specific qualities and characteristics of the play within the play as ultimate affirmation of the self the Hamlet paradigm as a self reflective agency of meta theatrical discourse and as a vehicle of intermedial and intercultural transformation The challenging study with its underlying premise of play as a key feature of cultural anthropology and human creativity breaks new ground by placing the play within the play at the centre of a number of intersecting scholarly discourses on areas of topical concern to scholars in the humanities **Catalog of Copyright Entries** Library of Congress. childhood years hope will purpose and competence are central to the development of a resourceful self and that this self counters the life diminishing qualities of the melancholy self Focusing on Erikson's own writings Capps identifies the four primordial resources that Erikson associates with childhood humor play dreams and hope and shows how these resources assist children in confronting life's difficulties and challenges Capps further suggests that the resourceful self that develops in childhood is central to Jesus' own vision of what we as adults may become if we follow the lead of little children *Catalogue of Copyright Entries*, 1926 **Spiers and Surenne's French and English Pronouncing Dictionary** Alexander Spiers, 1854 **Catalog of Copyright Entries, Third Series** Library of Congress.
