

## **2. Policy Manual**

### **2.1 General Purpose**

The purposes of this policy and procedure manual is to establish a uniform system of daily conduct by and between us when dealing with each other, other members of the Company, our clients and members of the public.

### **2.2 Responsibilities**

You are responsible to work in accordance with Company policies and procedures. Your failure to comply with the policies and procedures within this manual may result in your termination from this Company.

### **2.3 Changes in Manual**

This Policy manual may be changed from time to time by the Company. Changes can be made at any time and will be distributed periodically through the Company's web site and all member e-mail list. The policies on-line at any time represent the Company's current Policy Manual.

### **2.4 Exclusions from the Manual**

This Manual applies only to salespersons, and does not apply to Company staff employees.

### **2.5 Conflict with Salesperson/Broker Independent Contractor Agreement**

In the event of a conflict between this Policy Manual and your Salesperson/Broker Independent Contractor Agreement, the terms of this Policy Manual shall prevail.

## **3. Independent Contractor Relationship**

### **3.1 Independent Contractor**

You have signed an Independent Contractor Agreement with the Company and are associated with this Company as an Independent Contractor. You do not have an employee-employer relationship with this Company. You are considered to be an Independent Contractor for tax purposes and will receive a 1099 at the end of each calendar year. The Company will NOT withhold taxes or Social Security from your compensation. Payment of taxes and Social Security contributions are your responsibility. You are also considered an independent contractor for purposes of Unemployment Insurance. You are not subject to the minimum wage laws. The Company will provide Worker's Compensation insurance for Broker's own benefit.

### **3.2 At-Will Status**

You are associated with the Company for an unspecified term on an at-will basis. Except where it is otherwise expressly agreed in writing with the Company, either party may terminate your association at any time with or without cause or reason.

## **4. General Office Procedures**

### **4.1 DRE License and Requirements**

You are required to maintain a valid Florida real estate broker or salesperson license in good standing while associated with this Company. If your license expires, you may not engage in any activities on behalf of the Company for which a real estate license is required. The Broker may designate another Company salesperson to handle your prospects, listings and transactions during any time your license lapses, and allocate such reasonable compensation to that salesperson for work performed. Your Company's Broker is charged by Florida law to review, supervise and manage the activity of all salespersons. The Broker may rely on management and staff support to perform this function. You are expected to cooperate with Broker's assistants in the handling of files, documents and procedures in accordance with this Policy Manual and Florida law. It is your responsibility to keep current on changes in industry practices and to take advantage of available education and training programs to maintain your professionalism and your ability to properly represent your clients. It is also your responsibility to obtain all Continuing Education courses so as to renew your license in a timely manner.

automatic frequency control of an induction furnace - Jul 23 2023

web the development of an automatic frequency control system for a miniature high frequency induction furnace is described a background study into the fields

*automatic frequency control of a parallel resonant inverter for* - Jan 17 2023

web oct 5 2018 taking the intermediate frequency induction furnace controlled by solid relay ssr 220d03 as the object of study we design the controller based on bp neural

**automatic frequency control of an induction furnace academia edu** - Feb 18 2023

web power and frequency control of induction furnace using fuzzy logic controller behzad sinafar department of electrical and computer engineering sharif university of

**automatic frequency control of an induction furnace 2023** - Jan 05 2022

automatic frequency control of an induction furnace researchgate - Jun 22 2023

web mar 1 2000 automatic frequency control of the power source enables continuous operation at the resonant frequency of the tank circuit resulting in a high conversion

automatic frequency control of an induction furnace 2023 - Feb 06 2022

*induction furnace wikipedia* - Jul 11 2022

web the medium frequency induction furnace used in forging is composed of an medium frequency power supply an medium frequency induction heating system an

automatic frequency control of an induction furnace - Aug 12 2022

web automatic frequency control enables a variable induction heating load to be driven at its resonant frequency ensuring maximum power transfer to the load throughout the

**state of the art of an induction furnace design** - Dec 16 2022

web dec 8 2000 the dynamic nature of the induction heating load is such that it causes a shift in the natural resonant frequency of the load circuit automatic frequency control of the

**pdf power and frequency control of induction** - Mar 19 2023

web oct 1 2014 automatic frequency control of a parallel resonant inverter for an induction furnace october 2014 international review of electrical engineering iree

*design and implementation of an induction* - Apr 08 2022

web the development of an automatic frequency control system for a miniature high frequency induction furnace is described a background study into the fields of

**pdf automatic frequency control of an induction** - Aug 24 2023

web sep 28 1999 automatic frequency control enables a variable induction heating load to be driven at its resonant frequency ensuring maximum power transfer to the load

**introduction of medium frequency induction furnace** - Mar 07 2022

*power and frequency control of induction furnace using fuzzy* - Nov 15 2022

web abstract automatic frequency control enables is fixed the tank circuit is driven to its new a variable induction heating load to be driven at resonant frequency by changing the

automatic frequency control of an induction furnace electronic - Apr 20 2023

web this dynamic behavior of the load circuit induction heating load is of major interest for the implementation of automatic frequency control in a basic sense automatic frequency

**automatic frequency control of an induction furnace researchgate** - May 21 2023

web the development of an automatic frequency control system for a miniature high frequency induction furnace is described a background study into the fields of

**frequency control of a current fed inverter for induction heating** - Sep 13 2022

web jul 27 2021 in the conventional method of heating that is by using single phase power supply there is a zero instantaneous power twice a cycle which results in low efficiency

**induction heating using three phase variable frequency** - May 09 2022

web automatic frequency control of an induction furnace however situated within the musical pages of automatic frequency control of an induction furnace a

**automatic frequency control of a parallel resonant inverter for** - Jun 10 2022

web automatic frequency control of an induction furnace automatic frequency control of an induction furnace 2 downloaded from deju lms currikistudio org on 2022 11 23 by

*automatic frequency control of an induction furnace* - Dec 04 2021

**automatic frequency control of an induction furnace** - Sep 25 2023

web sep 28 1999 automatic frequency control of an induction furnace abstract automatic frequency control enables a variable induction heating load to be driven at its resonant frequency ensuring maximum power transfer to the load throughout the heating cycle

**temperature control of medium frequency induction heating** - Oct 14 2022

web automatic frequency control system of the power source capacitates continuous operation at the resonant frequency resulting in high conversion efficiency because of
