## **Politically Incorrect Guide To Capitalism The:**

**Politically Incorrect Guide to Capitalism** Robert P. Murphy, 2007-04-09 Most commonly accepted economic facts are wrong Here s the unvarnished politically incorrect truth The liberal media and propagandists masquerading as educators have filled the world and deformed public policy with politically correct errors about capitalism and economics in general In The Politically Incorrect Guide tm to Capitalism myth busting professor Robert P Murphy a scholar and frequent speaker at the Ludwig von Mises Institute cuts through all their nonsense shattering liberal myths and fashionable socialist cliches to set the record straight *The Politically Incorrect Guide to Capitalism* Robert P. Murphy, 2007-04-09 An irreverent look at capitalism that exposes common fallacies and offers simple explanations of complex issues related to capitalism and its role in the world s economy *The Politically Incorrect Guide to Economics* Thomas J. DiLorenzo, 2022-08-16 Another entry in the best selling irreverent hard hitting Politically Incorrect Guide series Economics from a rational conservative viewpoint that is a refreshing look at how money actually works from an author who knows the score and how the law of economics are frequently broken and derailed by pernicious leftists and virtue signalling progressives **The Politically Incorrect Guide to Socialism** Kevin Williamson, 2011-01-10 Argues that the same impulse for control that governed the Soviet Union is present in the American health care and educational systems and that socialism can never work because of human nature

*Politically Incorrect Guide to the Founding Fathers* Brion McClanahan, 2009-06-30 The truth revealed and PC myths shattered about the Founding Fathers Tom Brokaw labeled the World War II generation the Greatest Generation but he was wrong That honor belongs to the Founders the men who pledged their lives fortunes and sacred honor for the cause of liberty and independence and who established the United States This was a generation without equal and it deserves to be rescued from the politically correct textbooks teachers and professors who want to dismiss the Founders as a cadre of dead white sexist slave holding males Now a clear sighted conservative historian Dr Brion McClanahan does just that In The Politically Incorrect Guide to the Founding Fathers he profiles Washington Adams Jefferson Madison Franklin and other important Founders traces the key issues of the day and shows how they dealt with them and in the process details the Founders deep faith commitment to the cause of independence impeccable character and visionary political ideals Even better The Politically Incorrect Guide to the Founding Fathers proves that the Founders had a better understanding of the problems we face today than do our own members of Congress McClanahan shows that if you want real and relevant insights into the issues of banking war powers executive authority freedom of the press freedom of speech freedom of religion states rights gun control judicial activism trade and taxes you d be better served reading the Founders than you would be watching congressional debates on C SPAN or reading the New York Times The Politically Incorrect Guide to the Founding Fathers is a vital guide to restoring a sane sober Constitutional sense of responsibility to today s public debates **Politically Incorrect Guide to American History** Thomas E. Woods, 2004-01-04 The problem in America isn t so much what people don t know the problem

is what people think they know that just ain't so Thomas E Woods Most Americans trust that their history professors and high school teachers will give students honest and accurate information The Politically Incorrect Guide to American History makes it quite clear that liberal professors have misinformed our children for generations Professor Thomas E Woods Jr takes on the most controversial moments of American history and exposes how history books are merely a series of clichs drafted by academics who are heavily biased against God democracy patriotism capitalism and most American family values Woods reveals the truth behind many of today's prominent myths MYTH The First Amendment prohibits school prayer MYTH The New Deal created great prosperity MYTH What the Supreme Court says goes From the real American revolutionaries to the reality of labor unions The Politically Incorrect Guide to American History is all you need for the truth about America objective and unvarnished

The Politically Incorrect Guide to the Great Depression and the New Deal Robert Murphy, 2009-03-31 Provides irrefutable evidence that not only did government interference with the market cause the Great Depression and our current economic collapse but Herbert Hoover's and Franklin Delano Roosevelt's big government policies afterwards made it much longer and much worse From publisher description

Politically Incorrect Guide to the Sixties Jonathan Leaf, 2009-08-11 Get ready to break on through to the other side as critically acclaimed playwright and journalist Jonathan Leaf reveals the politically incorrect truth about one of the most controversial decades in history the 1960s

*The Politically Incorrect Guide to Global Warming* Christopher C. Horner, 2007-01-01 An exposé of some of the more controversial agendas behind global warming argues that poor quality science and dishonest politics are contributing to the intentionally disproportionate and self-serving levels of fear

**The Politically Incorrect Guide to the Vietnam War** Phillip Jennings, 2010-02-23 Shatters culturally accepted myths of the Vietnam War as it reveals the truth about the battles players and policies of one of the most controversial wars in U.S. history

**Politically Incorrect Guide to the American Revolution** Larry Schweikart, Dave Dougherty, 2017-06-26 The truth about the American Revolution is under attack Despite what you may have learned in school it wasn't a rich slaveholder's war fought to maintain white privilege In fact the War of Independence wasn't about maintaining any status quo it was the world's first successful bottom up revolution by the people ushering in a new dawn of liberty that history had never seen before But with left wingers dominating the teaching of history where can you go for the true story of the unprecedented events that made the United States the world's greatest nation Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground breaking patriotic history you've always wanted to read about the foundation of our unique nation The Politically Incorrect Guide to the American Revolution reveals Four key factors that applied only in America making it impossible to replicate the Revolution anywhere else Why it matters that the Patriot fighting force was overwhelmingly Scotch Irish The key role of Protestantism which denominations tended to become Patriots and which Tories How Americans were different from the Europeans and English even at the outset of the Revolution How the casualties of the deadliest war in

American history are routinely underreported How our Revolution became a model for hundreds of others that all failed  
 Schweikart and Dougherty take on the left wing myths starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous *A People's History of the United States* and uncover the truth about America's beginning *Politically Incorrect Guide to Climate Change* Marc Morano, 2018-02-26 Updated to include new section on the Green New Deal The climate scare ends with this book SEAN HANNITY This book arms every citizen with a comprehensive dossier on just how science economics and politics have been distorted and corrupted in the name of saving the planet MARK LEVIN Less freedom More regulation Higher costs Make no mistake those are the surefire consequences of the modern global warming campaign waged by political and cultural elites who have long ago abandoned fact based science for dramatic fearmongering in order to push increased central planning The *Politically Incorrect Guide to Climate Change* gives a voice backed by statistics real life stories and incontrovertible evidence to the millions of deplorable Americans skeptical about the multibillion dollar climate change complex whose claims have time and time again been proven wrong **Politically Incorrect Guide to the Presidents, Part 1** Larry Schweikart, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country *The Politically Incorrect Guide to English And American Literature* Elizabeth Kantor, 2006-10-01 Citing declining coverage of classic English and American literature in today's schools a politically incorrect primer challenges popular misconceptions while introducing the works of such core masters as Shakespeare Faulkner and Austen in a volume that is complemented by a syllabus and a self study guide Original *Politically Incorrect Guide to Communism* Paul Kengor, 2017-10-02 A brand new installment of the beloved *Politically Incorrect Guide* series The *Politically Incorrect Guide to Communism* is a fearless critique of freedom's greatest ideological adversary past and present *Politically Incorrect Guide to Real American Heroes* Brion McClanahan, 2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America's past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book *The Politically Incorrect Guide to Real American Heroes* author Brion McClanahan rescues the legendary deeds of the greatest Americans and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more The *Politically Incorrect Guide to Real American Heroes* not only resuscitates America's forgotten heroes but sheds light on the Left's most cherished figures including Franklin Delano Roosevelt and the Kennedys With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians In America's hour of peril McClanahan's book is a timely and entertaining call to remember the heritage of this great nation and the heroes who

built it      **Politically Incorrect Guide to the Middle East** Martin Sieff, 2008-01-28 The Middle East is almost never off the front pages yet most Americans know little about the region Why The mainstream media and Ivy League academics instead of helping only make matters worse by casting everything in the usual politically correct mold Arab terrorists are just desperate freedom fighters and the region s one free democracy Israel is the oppressor not least because of its alliance with America And if Islamic extremism is a problem the establishment tells us it s only because it s rooted in that source of all evils religion A different strain of political correctness has seeped into some minds on the right most notably the Bush administration which so ready to buy into the egalitarian myths we are all taught believed that Western style democracy could flourish anywhere Now in The Politically Incorrect Guide to the Middle East veteran Middle East correspondent Martin Sieff puts the lie to all these myths and clich s giving you everything you need to know about the region to understand its past its present and its possible future      The Politically Incorrect Guide to Pandemics Steven W. Mosher, 2022-07-26 Deadly plagues have ripped across the globe for centuries and will continue to do so in the future From the Black Death to Smallpox and the Hong Kong flu seven of the ten worst plagues in history originated in China But the Covid 19 pandemic was something entirely new a genetically engineered pathogen that was deliberately released upon the world for the geopolitical profit of a Communist government In The Politically Incorrect Guide to Pandemics Steven Mosher a leading authority on China devastates politically correct narratives about the Covid 19 pandemic and the deadliest plagues in history With expert insight he reveals Mountains of evidence that the Covid 19 pandemic originated in a Wuhan lab and not a wet market What life was like under plagues of the past and how these compare to the Covid 19 pandemic How Communist governments benefit economically and strategically from international plagues Chinese Communist Party source documents revealing viruses bioengineered to wreak global havoc The next pandemic may be the most devastating plague of all time The Politically Incorrect Guide to Pandemics sounds the alarm to prepare for a dangerous pandemic future      The Golden Revolution John Butler, 2012-04-10 Why the gold standard is due for a comeback A reserve currency can only function as such if there is a general consensus that it provides a stable store of value Without this trust money no matter what form it takes will be abandoned either suddenly in a crisis or gradually over time in favor of something else The Golden Revolution looks at how the world is rapidly moving toward some form of global metallic standard in which money at least in official international transactions is linked directly to gold silver or both The practical reality of the transition to the coming global gold or bimetallic standard is going to be substantially different from the global fiat monetary and financial regime of today It is not just money that is going to change The nature and business of banking will also be affected as will finance in general Incisive and thoughtful The Golden Revolution is a treatise on the broad effects of the current and future monetary structure Looks at why the world is headed inexorably back towards a metallic money standard Explores what the transition period might look like including some historical examples of both orderly and disorderly transitions Examines how the world of banking finance

and investment including asset valuation and portfolio management techniques will work under a future gold standard and which industries countries and markets are likely to benefit and which are likely to suffer Full of advice on how investors can profit and protect themselves during this critical time of change the book knows that those who are prepared will prosper while those who won't stand to lose it all

**The Courage to Do Nothing** Bill Flax, 2010-09 Are you fed up with Washington politicizing our economy and bureaucrats more focused on aggrandizing their power than aiding commerce For many of us the rhetoric emanating from our government doesn't reflect reality In *The Courage to do Nothing* Bill Flax gives a voice to the angry taxpayer articulating our concerns and offering cogent advice to our political leaders Socialism is inherently flawed but instead of allowing the free market to function our politicians employ socialism concealed as compassion Our cultural elites in Washington Academia Media and Hollywood have built a modern Tower of Babel based on progressive fantasies Their idealistic pursuit of Utopia is funded by your tax dollars Socialism is but one pillar in this faulty tower but it is the pillar du jour and America's future if we don't restore the traditional Christian values and limited government our nation was built upon At eighteen Bill Flax enlisted in the Marine Corps to defend the Constitution against all enemies foreign and domestic It's now clear the gravest threat to our liberty comes from Washington itself In *The Courage to do Nothing* Bill interweaves faith economics and patriotism through fascinating perspectives on the economy and relevant historical examples offering solutions for today's issues Read *The Courage to do Nothing* to learn economic truths ignored by the cultural elites determined to change America into a European style socialist boondoggle Bill Flax provides the economic answers America needs to restore prosperity and liberty before it's too late This book is essential reading for anyone desiring to understand how Washington's policies created and now prolong our economic turmoil Learn the truth and the keys to restoring America
