Just Because We Are the 99% Miss Mary, 2012-03-27 This book is about the year 2011 and the 99% In a rush to punish President Obama the 99% elected more of the NO party into office in the 2010 midterms Even after eight years of economic manipulations which resulted in our financial meltdown the 99% decided to reward the NO party with more representatives This book is about the end result of that vote It is about the 99% being 100% responsible for our economic non recovery The 99% diluted its power and the 99% paid the price with Republican s obsession for new abortion laws and voting restrictions The promise of job creation was ignored by those elected in 2010 This is a book explaining the manipulation of the 99% and the 99% allowing that manipulation Hopefully at the end of this book the 99% will finally be motivated to get past their subconscious racism which makes the 99% vulnerable to divisive manipulation Hopefully the 99% will understand the need to stop dividing and unify

The Snapping of the American Mind David Kupelian, 2022-09-20 America the beautiful has become America the bizarre REVISED AND EXPANDED EDITION A must read if you really want to understand the world we live in and where it s headed SEAN HANNITY David Kupelian s The Snapping of the American Mind chronicles the decline and fall of America and shows that it is no accident but rather a direct result of progressive misrule an eye opening scary and galvanizing book DINESH D SOUZA David Kupelian has once again given us a must read in these times of political turbulence and cultural insanity PAUL KENGOR America the beautiful has become America the bizarre Government promotes shockingly deranged policies while purposely turning citizens against each other Christians are prosecuted as criminals children transition to the opposite sex crime skyrockets and 130 million Americans depend on mind altering substances just to get through life Turbocharged by the Obama presidency and continuing into the present day long coalescing forces of the political and cultural Left are bringing about their much heralded fundamental transformation of

America That much everyone knows But this revolution is also causing a fundamental transformation of Americans in profoundly negative ways In *The Snapping of the American Mind* veteran journalist and bestselling author David Kupelian shows how the progressive Left which today dominates America's key institutions from the news and entertainment media to Big Tech to education to government itself is accomplishing much more than just enlarging government redistributing wealth and de Christianizing the culture With the Left's wild celebration of sexual anarchy its intimidating culture of political correctness and its incomprehension of the fundamental sacredness of human life it is also whether intentionally or not promoting widespread dependency debauchery family breakdown crime corruption addiction despair and suicide Surveying this growing chaos in American society Kupelian exposes both the utopian revolutionaries and their extraordinary methods that have turned America's most cherished values literally upside down to the point that madness is celebrated and normality demonized *Journal of the House of Representatives of the United States* United States. Congress. House, 2014 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House

has resulted in unprecedented levels of gridlock discord and hostility covering everything from the incivility of Congress to the spectacle of celebrity politicians the arrogance of Republican and Democratic presidents to the difficulties of grassroots groups hoping to change the status quo and the partisan shaping of news coverage to the growing influence of political comedians This work provides a frank hard nosed look at what needs fixing offers a critical lens from knowledgeable writers to help those frustrated with our political system to better understand why our discourse is so troubled and lays out suggestions for reclaiming the commonwealth Anyone interested in politics government or communication will benefit from learning how recent developments have created a perfect storm that is troubling the waters of our democracy

Polarization Alan Fortuna, 2019-07-22 The concept of polarization has become an important topic of interest in politics society and discourse around the world today In the European Union EU polarizing rhetoric has driven politics into divided camps on issues ranging from immigration to economic integration In the United States polarization has become a universal buzzword and significant research has been done on it as a political and sociological phenomenon But there has been little scholarly work on polarization as a communicative phenomenon since the late 1970s At the same time holes remain in contemporary rhetorical theory regarding the concept of the orator In short the discipline lacks a clearly defined category to deal with strategic communication by collective entities such as social and political movements This work fills both gaps at once It focuses on polarization as a rhetorical strategy that seeks to create division and solidarity in audiences In doing so it establishes and develops new theoretical categories for contemporary rhetoric updates and refines existing work on polarization as a communicative phenomenon and illustrates the utility of new concepts by providing a case study involving the tea party network in the United States

Change You Can Really Believe in Joseph Toomey, 2012-04 No President in living memory has entered office with a greater amount of goodwill and broad bi partisan support than Barack Obama And few Presidents in living memory had arrived in Washington proclaiming such dramatically articulated vows to change the tone of politics to usher in an era of post partisanship in an effort to rally the nation behind his plan of enacting an ambitious program of social and economic change He vowed to enact a broad bi partisan agenda for health care reform energy transformation economic revitalization job

growth and restoration of America's standing in the world And no President in living memory has more quickly and more completely abandoned his promises He enacted a health care plan that far more resembled plans he had bitterly criticized his opponents for supporting rather than the one his campaign outlined His promised job growth through economic stimulus measures drove up the unemployment rate to double digits leading to millions of job losses His vows to restore fiscal probity resulted in the most ruinous deficits and public debt in U S history He green energy program collapsed into a cesspool of crony political favoritism His vows to restore relations with hostile nations like Iran and North Korea had only deepened those nations' disdain for America Despite his harsh criticisms Obama adopted nearly every plank in the Bush era anti terror policy His promise to restore science to its rightful place resulted in the most rigidly inflexible program of ideological extremism in modern memory Even more noteworthy was the fact that the new era of post partisanship he had vowed to create in Washington resulted in the worst political gridlock in living memory This book examines in detail hundreds of campaign promises Obama made while running for President contrasting those with the record of failure and broken promises left in his wake It is a story that has received too little attention until now **Whiteness in the Ivory Tower**
