

FILLING OF WATER SYSTEM

Use potable water only, sanitize, flush and drain before using.

First, be sure the air compressor is off and **ALL AIR HAS BEEN REMOVED FROM THE WATER SYSTEM**. The water system can be filled with a bucket by removing the filler cap or with a garden hose by securing it to the hose connection. When filling with a hose, open all faucets so that air can escape. Once you have a steady flow of water, close the faucets and complete the filling. If you connect your trailer to a trailer park or city water system where the water pressure is excessive, a water pressure regulator should be connected to the supply hose.

DRAINING OF WATER SYSTEM

The entire system should be drained when not in use. You'll find drain plugs in the water lines. An inspection plate has been provided in the underbelly in order to gain access to this plug. The entire system will drain through this plug but it is recommended that the water heater be drained at the same time. Faster draining can be accomplished by opening all faucets.

PRESSURE TANK

This system has a 30 gallon capacity. But because an air head to maintain pressure is needed, the tank will hold slightly less.

Distasteful mineral substances found in some water sources may be objectionable. On the Ramblers, Trav'lers, and Vacationers, these minerals can be removed from the tank by washing the tank with a diluted chlorine or baking soda solution. Follow with a thorough rinsing of lukewarm water. (The Royal has a water purifier as standard equipment and this procedure should not be necessary.)

WATER PURIFIER

(STANDARD ON ROYAL HOLIDAY)

The Royal Holiday "Total System" water purifier (filter) is located in the main water line next to the storage tank. This device is designed to fine filter all of the water from the tank through a unique activated carbon filter which absorbs organic tastes and odors. This taste absorbing filter enables you to purify any questionable water in your storage tank with Chlorine (common household bleach) without any unpleasant residual taste. Please review detailed water purifier instructions for correct procedures.
