I recommend with confidence and great pleasure the book *The Online Business Guide* written by Mr. Victor Marcoianu, whom I have known for over 5 years during which time we carried out professional activities and education together. *The Online Business Guide* explains in detail what steps need to be followed to launch and promote a business in the digital environment, especially in the current conditions in which most businesses go to the online environment.

Associate Professor Eng. Iustin PRIESCU, PhD

During my years as a software developer and marketing manager, I have promoted many businesses online and helped create many successful brands. I had the opportunity to work with businesses in a wide range of fields, from local businesses to the marketing of laboratory products, music bands, well-known authors, and beauty salons to universities, online malls, and amusement parks. The SenDesign activity takes place all over the globe: in Romania, in Europe, in Australia, in the USA, etc. Thus, I had the opportunity to face many problems, either technical, human, or psychological in nature. Based on experience in software development, digital marketing, and branding, I wrote *The Online Business Guide* to help you grow and reach your audience. The book is addressed to you if you are just opening a business or you are a person of interest and you want to promote yourself in the online environment. Originally published episodically on the SenDesign blog, the information is gathered, adjusted, and completed in an easy and easily digestible format. To read this guide, you do not need
