**The Invasion of the Funky Pastors** Harry N Agina, 2010-03-15 When I left Nigeria as a boy for the USA in search of the proverbial greener pastures there was Christianity and there was the African Culture in Nigeria both of which I had grown up in Christianity fed me with the word of God while my African Culture made me desirably and proudly different from a white man an Indian Mexican or Asian That was many years ago in the mid 1900s Today when I visit my little remote African village to enjoy some of the cultural values that I have missed so much while in the western world my brethren in the village tell me that the culture is no more Indeed the entire Christian community of Nigeria seems to be heading towards the notion that the African Culture is suddenly out of fashion The people's excuse is that they have seen the light in their new wave Christianity Some traditionalists are not taking the culture abuse lying down and with their fire for fire response to the Christian zealots there is truly a war of cultures in Nigeria I am right in the middle of it and this is my story I must prepare my reader's mind for my general hardnosed criticism of Nigerian Commercial Church in this story I lament that too many Christians are willfully making mischief and a whole lot of money all in the name of God I am a devout Christian and would never advertently say one bad word against Christianity or any religion for that matter My grouse is with the growing number of mischievous funky pastors their zombie like followers their gross misinterpretation of the Holy Bible and the war that they have declared against the African Culture One might even say that my criticism is venomous but I call it brutally frank or frankly brutal

*Heinrich Bullinger on Prophecy and the Prophetic Office (1523-1538)* Daniël Timmerman, 2015-02-18 It has often been noted that the Protestant Reformation of the early sixteenth century witnessed a revived interest in the scriptural notions of prophets and prophecy Drawing from both late medieval apocalyptic expectations of the immanent end of the world and from a humanist revival of biblical studies the prophet appeared to many as a suitable role model for the Protestant preacher A prominent proponent of this prophetic model was the Swiss theologian and church leader Heinrich Bullinger 1504-1575 This study by Daniël Timmerman presents the first in depth investigation of Bullinger's concept of prophecy and his understanding of the prophetic office It also engages with the history of the Zurich institute for the study of the Scriptures which has become widely known as the Prophezei

*The Final Prophecy of Jesus* Oral E. Collins, 2007-06-01 This commentary is the first major work on the book of Revelation in many years that expounds the historicist interpretation The historicist school of interpretation was the dominant approach from Reformation times through most of the nineteenth century The reasons for the current disaffection are too complex to address in a few words but it is the author s conviction that from the standpoint of sound principles of biblical hermeneutics the historicist interpretation is still the most creditable approach for an accurate understanding of this the last book of the Bible and the final prophecy of Jesus
