sightings are becoming a concern to her The woman never approaches just stares During Lydia s twenty six years of life there has been doubt and puzzlement that has filtered in her private life for as long as she can remember Her parents always seemed to have guarded looks then would quickly look away What was wrong And now there seems to be a woman following her Questions that pop into Lydia s head never get a solid answer As a child Lydia had happenings within the structure of her parents lives She just tried to accept them as they were and not cause trouble She knew that she could always trust her dad but never had that same secure feeling about her mother A child accepts family problems as just being the normal for them Up until recently Lydia has tried not to dwell on the strange feelings or questions within her mind about the tension just hoping it does not involve her But a hint of uncomfortable doubt or uneasiness lingers In America we are made up of mixtures of diversities of culture and ways of life Breeding and background rarely rears its ugly head as we become adults Finding our own roots and knowing from whom we are descended is often just a passing interest Such knowledge can be enlightening at times or can be a little fearful Lydia comes face to face with a prejudice attitude forcing her to see the damage that can be inflicted on another human being Will she have to dig deep into her own beginnings for her own peace of mind
