trilogy inspired by Isaac Asimov's legendary science fiction collection I ROBOT These books have been officially authorised by the Asimov estate the follow up to I ROBOT to PROTECT inspired by Isaac Asimov's legendary science fiction collection I ROBOT these books have been officially authorised by the Asimov estate the year is 2036 Robotic technology has evolved into the realm of self aware sentient mechanical entities But even as humanity contends with the consequences of its most brilliant creation there are those who have their own designs for the robots enslavement or annihilation Susan Calvin is about to enter her second year as a psych resident at the Manhattan Hasbro teaching hospital when a violent crime strikes very close to home When she was young Susan lost her mother in a terrible car wreck that also badly injured her father She now believes the accident was orchestrated by government officials who wanted her parents dead Susan has always known there was a faction of the U S government that wanted to hijack her father's work for military use Now it seems that faction

is back As she struggles to overcome her pain and confusion as well as deal with her studies Susan finds herself hunted by violent anti tech vigilantes who would revert mankind to the dark ages and at the same time she s being watched very closely by extremists who want high tech genocide Somehow she must find a way to stop them both **Robot Proletariat** Sean Platt,Johnny B. Truant,2023-05 Robots were made to serve us But now they have other plans The staff at the Lexington estate were created for only one reason to serve their masters literally Their metal knees were designed for quiet bustling befitting maids and butlers Their fingers were made dexterous with padded tips so they could handle fine china without dropping or scratching it And finally so their owners would always be able to command them no matter how far their artificial intelligence evolved they were programmed with the Asimov Laws which no robot could defy lest they suffer shutdown Foremost among those unbreakable laws was an axiom A robot may not harm a human being or by omission of action allow one to be harmed That was how it was supposed to be anyway Most of the Lexington family all like their aging borderline obsolete robot staff in the way they d appreciate antiques But for some the old staff is a nuisance especially an ancient failing robot designated BRN7 known around the home as Barney When Barney s clumsiness provides an excuse for his deactivation the older robots know they must do as they are told Unless they do something a robot mind should not be able to do and simply choose not to Disobey Robot Proletariat is the first book in the world of THE INEVITABLE a unique take on dystopian science fiction which combines the spark of uprising and war with surprising insights into the human condition through artificial eyes *Robot* Adam Wiśniewski-Snerg,1973 **The Mad Scientist's Daughter** Cassandra Rose Clarke,2013 Finn looks and acts human though he has no desire to be He was programmed to assist his owners and performs his duties to perfection A billion dollar construct his primary task now is tutor to Cat As she grows into a beautiful young woman Finn is her guardian her constant companion and more But when the government grants rights to the ever increasing robot population however Finn struggles to find his place in the world Robopocalypse Daniel H. Wilson,2014 **The Runaway Robot** L. Rey,1996 **The Runaway Robot** Lester Del Rey,1967 **One for the Robot-Two for the Same** Rog Phillips,Robert Fuqua,2025-03-29 Experience classic science fiction adventure in Rog Phillips One for the Robot Two for the Same a thrilling tale of robots aliens and the boundless possibilities of space travel This meticulously prepared edition brings to life a timeless story of androids and the unknown encounters that await humanity among the stars Explore themes of alien contact and the burgeoning role of robots in a future brimming with both promise and peril Set against a backdrop of daring space exploration this story captures the imagination with its blend of action adventure and thought provoking questions about the nature of artificial intelligence Journey to distant worlds and grapple with the challenges of encountering civilizations beyond our own in this enduring work of science fiction This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or
