Stapleton,Donna Stapleton,2004 Childhood Harvard Oxford and marriage In the Navy Return to education Princeton The Woodrow Wilson Program years Swarthmore College at mid century Swarthmore looks for Courtney Inauguration The case for the liberal arts college Faculty There is strength in having a variety of sources of support funding the liberal arts tradition Networks of support and service behind the presidency Nature shaped to advantage preserving campus viability Student activism to care about social justice Two decades of student life at Swarthmore Personal things Administration of a college The final year Conclusion Racing for the Bomb Robert S. Norris,2014-10-21 In September 1942 Colonel Leslie R Groves was given the job of building the atomic bomb As a career officer in the Army Corps of Engineers Groves had overseen hundreds of military construction projects including the Pentagon Until now scientists have received the credit for the Manhattan Project s remarkable achievements And yet it was Leslie R Groves who made things happen It was Groves who drove manufacturers construction crews scientists industrialists and military and civilian officials to come up with the money the materials and the plans to solve thousands of problems and build the bomb in only two years It was his operation and in Racing for the Bomb he emerges as a take charge can do figure who succeeds in the face of formidable odds Revealed for the first time in Racing for the Bomb Groves played a crucial and decisive role in the planning timing and targeting of the Hiroshima and Nagasaki missions Norris offers new insights into the complex and controversial questions surrounding the decision to drop the bomb in Japan and Groves s actions during World War II which had a lasting imprint on the nuclear age and the Cold War that followed Grove s extensive influence on key institutions of postwar America has been overlooked for too long In this full scale biography which includes archival material and family letters and documents and features several previously unpublished photographs Norris places Groves at the center of the amazing Manhattan Project story Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list

includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The Human Radiation

Experiments Advisory Committee on Human Radiation Experiments, 1996-06-06 This book describes in fascinating detail the variety of experiments sponsored by the U S government in which human subjects were exposed to radiation often without their knowledge or consent Based on a review of hundreds of thousands of heretofore unavailable or classified documents this Report tells a gripping story of the intricate relationship between science and the state Under the thick veil of government secrecy researchers conducted experiments that ranged from the mundane to such egregious violations as administering radioactive tracers to mentally retarded teenagers injecting plutonium into hospital patients and intentionally releasing radiation into the environment This volume concludes with a discussion of the Committee s key findings and guidelines for changes in institutional review boards ethics rules and policies and balancing national security interests with individual rights Ethicists public health professionals and those interested in the history of medicine and Cold War history will be intrigued by the findings of this landmark report
