Supporting Reading in Grades 6-12 Sybil M. Farwell, Nancy L. Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12: A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works; Analyze structure and aesthetic features of creative works; Develop a literary-based product; and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.

Graphic Inquiry Daniel Callison, Annette Lamb, 2012-05-03 This full-color book provides a practical approach to incorporating graphic inquiry across the curriculum for school library media specialists, technology coordinators, and classroom teachers. It's new! It's graphic! And it is the first of its kind. Designed to bridge theory and actual practice, *Graphic Inquiry* contains applications for new and practicing educators and librarians that can truly bring classroom learning into the 21st century. This visually rich book provides numerous standards-based inquiry activities and projects that incorporate traditional materials as well as emerging social and collaborative technologies. This full-color book provides real-world strategies for integrating graphic inquiry across the curriculum and is specifically designed to help today's educators identify tools and techniques for using graphic inquiry with their students. Although research is cited and references are provided, lengthy text passages are avoided in favor of practical visual examples rooted in best practice and presented in graphic format. Readers will view this book as a quick reference to timely, realistic activities and approaches as compared to a traditional textbook.

Reading with Writing in Mind Nancy Charron, Marilyn Fenton, 2023-08-16 *Reading with Writing in Mind* meets the needs of school districts and teachers by providing rationale and activities that increase students' literacy skills. Relevant reading and writing standards are aligned with Common Core Standards and preface each chapter's activities. Textboxes provide adaptation ideas for students with moderate to severe special needs, English language learners, or low-performing students. Readers will explore and implement reading strategies that enhance students' writing across the curriculum.

I Mattered a Teacher's Story Dr. Frankie J. Monroe-Moore, 2012-02-21 In *The New Meaning of Educational Change*, Fullan wrote, "Low morale, depressed feeling, unfairly blamed for the ills of society. You must be a teacher." This quote

spoke volumes to me as I watched politicians jockeying for position by spewing their recycled political rhetoric and then launch an all out attack against public school teachers In years past these attacks had been levied against those receiving social security Medicare and Medicaid which mainly affected the poor disabled and elderly Dont get me wrong these issues are still on the table but I guess politicians felt they had beaten them with a dead horse and needed another soft target to spark the publics interest so public school teachers was it They struck with a vengeance firing public school teachers by the thousands throughout the country In an attempt to reduce the collective bargaining power of teacher unions such as American Federation of Teacher AFT in Texas they claimed the only way they knew to help balance the state and district school budget shortfalls was to rescind some of the benefits they had agreed too It hurts when the profession Ive dedicated over half of my adult life 25 yrs to is under attack by politicians and others that have no true concept of whats involved in being a public school teacher We have absolutely nothing to do with the decision making process First were told to do one thing and then were told to do something entirely different Its almost schizophrenic To all of my colleagues that remain on the frontlines of public education and those that are planning to take up the banner This books for you You might not have control over the decisions being made outside your classroom but you can control those things going on inside I provide ways to control student behavior by the design of your classroom to the use of a simple yellow tablet
