Romance in the Digital Game Amy Brierley-Beare, 2025-09-30 In the last decade the popularity of romance in the AAA game has exploded It has become an expectation for major releases and a regular object of fan obsession High profile games such as Baldur's Gate III 2023 Cyberpunk 2077 2020 and Starfield 2023 prominently feature in game romance in their multimillion dollar promotional campaigns Moreover rampant speculation by gaming journalists and fans about who is romanceable will regularly accompany the announcement of a new title However representations of romance have long been under examined and vaguely defined by scholars This leaves important questions unanswered How does the digital game mediate cultural attitudes towards love and sex How can we classify representations of romance in the digital game Does romance simply replicate existing hegemonies surrounding gender and sexuality or does it offer a space for transgressive play Book title positions optional romance in the AAA game as a central object of analysis Based on the close analysis of some of the most commercially and culturally significant games of the last 30 years like Grand Theft Auto IV 2008 the Mass Effect series 2007 21 and the Elder Scrolls series 1994 2024 it is the first full length monograph to effectively and comprehensively categorise how mainstream gaming asks its audience to engage with romance It interrogates the idiosyncrasies of romance in the popular games to provide fresh insights into messaging surrounding normative social understandings of love sex and intimacy By theorising four representational categories of romance Limerent Physical Domestic and Ludic Automatic Love

introduces a new theoretical framework for scholars to understand romance gender and sexuality in gaming **Rated M for Mature** Matthew Wysocki, Evan W. Lauteria, 2015-10-22 The word sex has many implications when it is used in connection with video games As game studies scholars have argued games are player driven experiences Players must participate in processes of play to move the game forward The addition of content that incorporates sex and or sexuality adds complexity that other media do not share **Rated M for Mature** further develops our understanding of the practices and activities of video games specifically focusing on the intersection of games with sexual content From the supposed scandal of Hot Coffee to the emergence of same sex romance options in RPGs the collection explores the concepts of sex and sexuality in the area of video games **Women's Space** Melanie A. Marotta, Donald E. Palumbo, C.W. Sullivan III, 2020-01-17 From the Star Wars expanded universe to Westworld the science fiction western has captivated audiences for more than fifty years These twelve new essays concentrate on the female characters in the contemporary science fiction western addressing themes of power agency intersectionality and the body Discussing popular works such as Fringe Guardians of the Galaxy and Mass Effect the essayists shed new light on the gender dynamics of these beloved franchises emphasizing inclusion and diversity with their critical perspectives BioWare's Mass Effect Jerome Winter, 2022-11-24 The videogame series Mass Effect is a remarkable rarity not only for being an original science fictional franchise of recent vintage that has risen to such prominent commercial and critical success in popular culture but also for pushing the canonical boundaries of how science fiction as a genre will be experienced and understood in the future This book analyzes the significance of the game for an understanding of the evolving SF genre and articulates an explanatory framework to limn its landmark reception in videogame history This book both synthesizes the burgeoning body of scholarship on Mass Effect for a readership unfamiliar with either the game or the critical conversation on its salient importance while simultaneously for readers already invested in the science fiction and videogame scholarship mounting an extended inquiry as to why Mass Effect has served as such a representative milestone in videogame and genre history The book should appeal to veteran science fiction and videogame scholars and students as well as a wide variety of fans consumers gamers and general readers **Digital Love** Heidi McDonald, 2017-11-02 Scholars and professionals from all over the world across experience levels and the gender and sexuality spectrum share experiences and analysis of romance and sexuality in video games Whether discussing casual sex in the Star Wars universe analyzing various Otome games examining the gaze in various games player romance behavior in games or exploring the ethical ramifications of sexuality in virtual reality and other emerging technologies this book discusses what players want in video game romance and how developers can best deliver it **Key Features** Examines the past present and future of romance in single player role playing games Discusses common presentations of romance in single player role playing games both in the category and game mechanics that drive romance Discusses research on how players define a satisfying game romance and what specific steps narrative designers can take to design satisfying games Explains

the notion of the empathic game and explores its importance in relation to romance in game design

100 Greatest Video Game Characters Jaime Banks, Robert Mejia, Aubrie Adams, 2017-06-23 Though in existence for only a few decades, video games are now firmly established in mainstream culture all around the planet. Every year new games are produced and every year new favorites emerge. But certain characters have become so iconic that they withstand both time and the shifting interests of players. Such creations permeate other elements of popular culture from graphic novels to film and are known not only to dedicated gamers but to the general public as well. In 100 Greatest Video Game Characters, readers can learn about some of the most popular and influential figures that have leapt from computer monitors and television screens and into the public consciousness. The entries in this volume provide general facts about the characters as well as explore their cultural significance. The entries include the following information: Game developer, Year character was established, Video game franchise. In addition, the book examines the commonalities of various video game characters to help readers better understand their popularity and how they operate within the video games and the industry itself. Whether casually looking up information on video game characters or researching what these icons say about society, readers will enjoy this entertaining and informative volume. Comprehensive and engaging, 100 Greatest Video Game Characters will appeal to fans and scholars alike.

Politics in Fantasy Media Gerold Sedlmayr, Nicole Waller, 2014-10-28 Fantasy is often condemned as escapist, unsophisticated, and superficial. This collection of new essays puts such easy dismissals to the test by examining the ways in which Fantasy narratives present diverse politically relevant discourses: gender, race, religion, or consumerism, and thereby serve as indicators of their real-world contexts. Through their depiction of other worlds allegedly disconnected from our own, these texts are able to actualize political attitudes. Instead of categorizing Fantasy either as conservative or progressive, the essays suggest that its generic peculiarity allows the emergence of productive forms of oscillation between these extremes. Covered are J.R.R. Tolkien's *The Lord of the Rings*, George R.R. Martin's *A Song of Ice and Fire* sequence, J.K. Rowling's *Harry Potter* novels, the vampire TV

series True Blood and the dystopian computer game Fallout 3

Historicizing Lifestyle David Bell, 2016-04-22 Lifestyles have a history and lifestyle media is fundamentally implicated in this history This original volume examines issues of taste media and lifestyle from the 1900s to 1970s providing a wealth of empirical evidence and debate from varied international perspectives Including examples as diverse as Good Housekeeping and Playboy it explores the continuities and discontinuities between the past and present to provide a better understanding of the representation of lifestyle and its relationship to the self The volume demonstrates how ideas about gender nation and race problematize taken for granted assumptions about lifestyle with particular emphasis on the new middle classes in the US The book also examines the role of advertising and marketing in mediating ideas about lifestyle the role of material culture in the construction of cultural hierarchies and the positioning of social groups within wider cartographies of taste The volume makes a significant contribution to this growing field and will interest academics and students in media and cultural studies communication studies cultural history and sociology

[Parameter Hierarchies and Universal Grammar](#) Ian Roberts, 2019-06-20 This book develops a minimalist approach to cross linguistic morphosyntactic variation Ian Roberts argues that the essential insight of the principles and parameters approach to variation can be maintained albeit in a somewhat different guise in the context of the minimalist programme for linguistic theory The central idea is to organize the parameters of Universal Grammar UG into hierarchies that define the ways in which properties of individually variant categories and features may act in concert A further leading idea which is consistent with the overall goal of the minimalist programme to reduce the content of UG is that the parameter hierarchies are not directly determined by UG and are instead emergent properties stemming from the interaction of the three factors in language design Cross linguistic variation in word order null subjects incorporation verb movement case alignment wh

movement and negation are all analysed in the light of this approach This book represents a significant new contribution to the formal study of cross linguistic morphosyntactic variation on both the empirical and theoretical levels and will appeal to researchers and students in all areas of theoretical linguistics and comparative syntax

Vader, Voldemort and Other Villains Jamey Heit,2014-01-10 What is evil How do we understand it in our culture The thirteen essays in this critical volume explore the different ways in which evil is portrayed in popular culture particularly film and novels Iconic figures of evil are considered as is the repeated use of classic themes within our intellectual tradition Topics covered include serial killers in film the Twilight series the Harry Potter series Star Wars and more Collectively these essays suggest how vital the notion of evil is to our culture which in turn suggest a need to reflect on what it means to value what is good
