Relations Judy Motion,Robert L. Heath,Shirley Leitch,2015-11-19 Social media is having a profound but not yet fully understood impact on public relations In the 24 7 world of perpetually connected publics will public relations function as a dark art that spins or tweets self interested variations of the truth for credulous audiences Or does the full glare of the internet and the increasing expectations of powerful publics motivate it to more honestly engage to serve the public interest The purpose of this book is to examine the role of PR by exploring the myriad ways that social media is reshaping its conceptualization strategies and tactics In particular it explores the dichotomies of fake and authentic powerless and powerful meaningless and meaningful It exposes transgressions committed by practitioners the paucity of digital literacy the lack of understanding of the norms of social media naivety about corporate identity risks and the overarching emphasis on spin over authentic engagement But it also shows the power that closely networked social media users have to insert information and opinion into discussions and force false PR friends to be less so This timely challenging and fascinating book
