## Virtual Pinning Ceremony Speech

Elizabeth C. Light, PhD, RN

---

Hello everyone! Welcome - It is with great honor that I present to you on such a memorable day.

I could not be prouder of Cohort 56. This opportunity to be a part of their Virtual Pinning Ceremony from National University is truly an honor.

I know we all wish circumstances were different so that we could be together today in person but nevertheless we will persevere like our graduates have time again. We will celebrate their success and share in their joy on this virtual platform.

Despite all the challenges with finishing nursing school during a global pandemic our incredible graduates demonstrated grace and resilience working extremely hard to be here today.

They have met their goal of completing their Bachelor's in Nursing - working diligently and ambitiously. Their dedication is admirable and will serve them well in the future.

I had the privilege of working with this amazing group of graduates during one of their last classes of their nursing program.

Their professionalism and commitment to learning was a breath of fresh air.

Today as we look to these amazing nursing graduates and soon to be RN's we should all feel a sense of pride for what they have accomplished.

Their determination to make the best of the situation while shifting to a virtual learning platform demonstrates the adaptability and flexibility. they will need to be a nurse today in 2020 and in the future.

Nurses during the 1918 Influenza Pandemic were called courageous and I couldn't agree more. I would say the same for nurses today. And I couldn't feel more strongly about this group of nursing graduates who are stepping into a healthcare environment that needs them more than ever.

Our patients are coming to us with more complex health problems. They are in need of mental health services and resources more than ever. These amazing students will be meeting these challenges with our patients head on and giving them the safest, most excellent care that they deserve.

Graduating nursing school during a global pandemic is not for the faint of heart. This cohort has shown time and time again that they can do anything they put their mind to!

However difficult and challenging these uncertain times have been - I always like to look at the positive and bright side.

And I think there is no better time to graduate nursing school during the Year of the Nurse! It has been said the Year of the Nurse is a time to: Excel. Lead. Innovate. I am confident our NU graduates will fulfill these goals and exceed our expectations.

As Florence Nightingale the founder of modern nursing said:

"Live life when you have it. Life is a splendid gift - there is nothing small about it."

This is my wish for all of you.

Nurses have a unique perspective an understanding of how precious life is. This perspective is a gift.

Always remember that you are making a difference every day in someone's life - no matter how big or small.

You will give your patients the ability to live their lives to the fullest. You will be a light in their lives during the darkness. You will be their hope and their guide. You will be there to comfort them when they have pain and sorrow.

This is a great privilege you will have. Please don't take it lightly. Believe in yourself always and your ability to make an impact and to create change.

I know each of you will make a difference and do great things and we will be here cheering you along the way grateful you have chosen to be our next generation of nurses.
