### Turn off the phone or disable the wireless functions when in an aircraft

Your phone can cause interference with aircraft equipment. Follow all airline regulations and turn off your phone or switch to a mode that disables the wireless functions when boarding any aircraft.

### Protect batteries and chargers from damage

- Avoid exposing batteries to very hot or very low temperatures (below 0°C/32°F or above 40°C/104°F). Extreme temperatures can reduce the charging capacity and life of your batteries.
- Store the battery back in a dry place.
- Prevent batteries from contacting metal objects, as this can create a connection between the + and - terminals of your battery and lead to temporary or permanent battery damage.
- Avoid use in damage to charger or battery.

### Handle your phone carefully and securely

- Do not store your phone for long with liquids on your screen. Damage to your phone can occur without damage. Do not handle your phone with wet hands. Water damage to your phone can void your manufacturer's warranty.
- Avoid using or storing your phone in dusty and dirty areas to prevent damage to moving parts.
- Your phone is a complex electronic device. Protect it from impacts and rough handling to avoid serious damage.
- Do not punt your phone, as punt can clog moving parts and prevent proper operation.
- Avoid using the phone's camera lens or light cover in the eyes of children or animals.
- Your phone and memory cards may be damaged by exposure to magnetic fields. Do not use magnetic cards or accessories with magnetic stripes or store your phone in close contact with magnetic fields for extended periods of time.

### Avoid interference with other electronic devices

Your phone emits radio frequency (RF) signals that may interfere with unshielded or improperly shielded electronic equipment, such as pacemakers, hearing aids, medical devices, and other electronic devices in homes or vehicles. Consult the manufacturers of your electronic devices to detect any interference problems you experience.

### Correct disposal of batteries in this product

(Applicable in the European Union and other European countries with separate battery return systems.)

This marking on the battery, manual or packaging indicates that this is a product that should not be disposed of with other household waste at the end of their working life. Where marked, the chemical symbolizing (Cd or Hg) indicates that the battery contains mercury, cadmium or lead above the reference levels in EC Directive 2006/66. If batteries are not properly disposed of, these substances can cause harm to human health or the environment. To protect human resources and the preserve natural resources, please separate batteries from other types of waste and recycle them through your local free battery return system.

### Correct disposal of this product

(Applicable in the European Union and other European countries with separate collection systems.)

This marking placed on the product or its packaging indicates that it should not be disposed of with other household waste at the end of its working life.

To prevent possible harm to the environment or human health from potentially toxic substances, please separate this from other types of waste and recycle it responsibly to promote the sustainable reuse of material resources.

Responsible users should consult either the retailer where they purchased this product, or their local government office, for advice on where and how they can take this item for environmentally safe recycling.

Business users should consult their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

## Safety warnings

### Keep your phone away from small children and pets

Store your phone and all accessories out of the reach of small children or animals. Small parts may cause choking or serious injury if swallowed.

### Protect your hearing

Listening to a headset at high volumes can damage your hearing. Use only the maximum volume setting necessary to hear your conversation or music.

### Install mobile phones and equipment with caution

Ensure that any mobile phones or related equipment installed in your vehicle are securely fastened. Avoid placing your phone and accessories in or on an air bag deployment area. Improperly installed equipment can cause serious injury when an air bag inflates rapidly.

## Handle and dispose of batteries and chargers with care

- Use only Samsung approved batteries and chargers specifically designed for your phone. Incompatible batteries and chargers can cause serious injuries or damage to your phone.
- Never dispose of batteries or phone in a fire. Follow all local regulations when disposing used batteries or phone.
- Never place batteries or phones in or in heating devices, such as microwave ovens, stoves, or radiators. Batteries may explode under such conditions.
- Never crush or squish the battery. Crush exposing the battery to high external pressure, which can lead to an internal short circuit and overheating.

### Avoid interference with pacemakers

Wear a minimum of 15 cm (6 inches) between mobile phones and pacemakers to avoid potential interference as recommended by manufacturers and the independent research group, Wireless Technology Research. If you have any reason to suspect that your phone is interfering with a pacemaker or other medical device, turn off the phone immediately and contact the manufacturer of the pacemaker or medical device for guidance.

## Turn off the phone in potentially explosive environments

Do not use your phone in potentially explosive environments or near fires or flames. Turn off your phone whenever identified by warning signs or instructions that phone could cause explosions or fire in and around fuel or chemical storage and transfer areas in loading areas. Do not store or carry flammable liquids, gases, or explosive materials in the same compartment as the phone, its parts, or accessories.

### Reduce the risk of repetitive motion injuries

When spending long durations in playing games on your phone, hold the phone with a relaxed grip, avoid the battery tightly, use special features that reduce the number of button-pressing time to press such as templates and predictive text, and take frequent breaks.

### Do not use your device during a thunderstorm

Your device may malfunction and your risk of electric shock is increased.

## Safety precautions

### Drive safely at all times

Hold using your phone while driving and obey all regulations that restrict the use of mobile phones while driving. Use hands-free accessories to increase your safety when possible.

### Follow all safety warnings and regulations

Comply with any regulations that restrict the use of a mobile phone in a certain area.

### Use only Samsung-approved accessories

Using incompatible accessories may damage your phone or cause injury in case of explosion. Some accessories are not available. Use these accessories only.

### Turn off the phone near medical equipment

Your phone can interfere with medical equipment in hospitals or health-care facilities. Follow all regulations, posted warnings, and directions from medical personnel.

## Important usage information

### Use your phone in the normal position

Avoid contact with your phone's internal antenna.

### Allow only qualified personnel to service your phone

Allowing unqualified personnel to service your phone may result in damage to your phone and void your warranty.

### Ensure maximum battery and charger life

- Avoid charging batteries for more than a week, as overcharging may shorten battery life.
- Over-time, unused batteries will discharge and must be recharged before use.
- Disconnect charging from power sources when not in use.
- Use batteries only for their intended purpose.

### Handle SIM cards and memory cards with care

- Do not remove a card while the phone is functioning or accessing information, as this could result in loss of data and/or damage to the card or phone.
- Protect cards from strong shocks, static electricity, and moisture to avoid these other problems.
- Prevent writing and erasing with plastic file tips of memory cards.
- Do not touch gold-colored contacts or terminals with your fingers or metal objects. If only use the card with a soft cloth.

### Ensure access to emergency services

Emergency calls from your phone may not be possible in some areas or circumstances. Before traveling in remote or undeveloped areas, gain an alternate method of contacting emergency services (e.g., satellite).
