This book deals with the development of so called fourth generation mobile communications or 4G. It covers all aspects of the technology in a form comprehensible to the general reader: a history of its implementation on a worldwide basis and information on how it will be used to improve business transactions. It is up to date, comprehensive and is based upon information acquired from well over one thousand individual sources. All of the data are set up in a manner that simplifies comparisons between countries and service providers. Based on the extensive analysis of the different contexts and progress of 4G technology, future prospects for high speed mobile communications are also presented. **MicroStrategy Suite**
