FAQ Query

The radio receiver will play 15 mins FM Radio. Function is subject to the following two conditions: 1) The device can not receive radio broadcasts, and 2) the device must accept any interference received, including interference that may cause audible distortion.

Caution: Charge a mobile phone or tablet connected to the jack receptacle to complete, and use the jack actually to connect to a speaker.

NOTE: The speaker has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. The equipment generates, uses, and can radiate radio frequency energy and, if not properly installed and used, may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to a different power outlet or a different branch circuit.
- Consult the dealer or a qualified radio/TV technician for help.

For additional information, please visit www.fcc.gov.

The device can be used in portable mode without external antenna.
