Winning the War Through Prayer C. Fred Dickason Th. D., 2016-10-25 No more general routine and unfocused praying This book lays the foundation for engaging in spiritual warfare by effective pointed biblically based prayer Part I presents in the first chapter a solid theological foundation treating worldview the reality of the spirit world and our resources The next chapters show the place of prayer in warfare and delineate some strategies tactics and cautions Part II suggests some pattern warfare prayers for personal church and world needs Believers have used some of these very effectively to see the Lord intervene and remove oppression and obstacles Winning the War through Prayer is like a bucket of cold water thrown onto a largely lukewarm Church For those who have already experienced the power of demonic forces and the triumph of Christ this book will give them more practical knowledge of how to confront the enemy For those who have ignored the biblical teaching about our invisible war such readers will be jolted in to reality Their eyes will be open to a new level of spiritual discernment and a new way of praying that is directed against the forces that seek to destroy us Dr Erwin Lutzer In my evaluation this book is the best presentation of biblical warfare praying that has been written God has use Fred to write an articulate doctrinally sound biblical call to warfare praying that exceeds anything yet written an academic and biblical study a very useable and much needed document Dr Mark I Bubeck

Rabindranath Tagore's Ideational Challenges Bidyut Chakrabarty,2022-12-30 Rabindranath Tagore s Ideational Challenges is an analytical attempt to show that Rabindranath Tagore in his own unique style raised some troublesome sociocultural issues that constrained the attainment of the politico ideological objectives that

the nationalists espoused His creative texts were not merely literary articulation of the issues but were powerful responses to the prevalent conceptual parameters on which humanity rested Although the poet did not appear to have made such a claim his writings dealt with politico ideologically innovative ideas about human diversity that naturally flourished in the Indian subcontinent By approaching the pertinent sociocultural and politico ideological issues from a literary perspective the poet seemingly refashioned the dominant views on humanity The selected novels and short stories in this book represent a distinct voice explicit in the politico ideological message Keeping this in view each chapter is an articulation of the views that Rabindranath championed while contributing to ushering in a new vision based on his perception of well entrenched sociocultural values of the time
