Yalomstein, 190 MICH 615 \(1916\)](#), 1916 84 **Israel's Military Operations in Gaza** Marouf Hasian Jr, 2016-03-31 Civilians in Gaza and Israel are caught up in complex violent situations

that have overstepped conventional battle lines Both sides of the conflict have found ways to legitimate the use of violence and continually swap accusations of violations of domestic and international humanitarian laws Israel's Military Operations in Gaza provides an ideological critique of the legal military and social media texts that have been used to legitimate historical incursions into the Gaza with special focus on Operation Protective Edge It argues that both the Palestinians and the Israelis have deployed various forms of telegenic warfare They have each used argumentative rhetorics based on competing interpretations of events and are locked in a battle to convince international audiences and domestic constituencies of the righteousness of their causes This critical genealogical study analyses a range of texts and images from selfies circulated near the Gaza border to judicial opinions produced by the High Court of Israel With its multidisciplinary approach and original analysis of the Israel Gaza situation this book will be of interest to students and scholars of Middle East studies and the Arab Israeli conflict as well as security studies and communication studies

Conflicts in a Conflict Michael Karayanni, Center for International Legal Education, 2014-04-30 Conflicts in a Conflict outlines and analyzes the legal doctrines instructing the Israeli courts in private and civil disputes involving the Occupied Palestinian Territories of the West Bank and the Gaza Strip since 1967 until the present day In doing so author Michael Karayanni sheds light on a whole sphere of legal designs and norms that have not received any thorough scholarly attention as most of the writings thus far have been on issues pertaining to international law human rights history and politics For the most part Israeli courts turned to conflict of laws or private international law to address private disputes implicating the Palestinian Territories After making a thorough investigation into the jurisdictional designs of the West Bank and the Gaza Strip both before and after the Oslo Peace Accords Conflicts in a Conflict comes to focus on traditional topics such as adjudicative jurisdiction choice of law and recognitions and enforcement of judgments Related issues such as the foreign sovereign immunity claim of the Palestinian Authority before Israeli courts as well as the extent to which Palestinian plaintiffs were granted access to justice rights are also outlined and analyzed This book's compelling thesis is the existence of a close relationship between conflict of laws doctrines as they developed over the years and Israeli policies generally in respect of the Palestinian Territories This study of the conflict of laws in a war setting and conflict of laws in a jurisdictionally ambiguous location will greatly serve scholars and practitioners in similarly troubled and complex legal situations elsewhere
