Brunn,2024-05-23 This book explores journeys in a time context with a focus on places place meanings and landscapes Whether the journey relates to ancient or modern trails roads or railroads or a historical or contemporary pilgrimage or a tourist venture in social contexts the book addresses the importance of places and environmental settings whereby time itself is described and defined in multiple contexts The chapters discuss among others archaeological and pre history settings tourism settings and heritage events as well as regional and transnational migration routes and those used by historical nomadic cultures and postmodern nomads Some time and place journeys are fluid and dynamic and re interpreted while for others there is much sameness in the visible landscapes Retaining the past and reconstructing the past are both journeys That sameness concept is also applied to cultural and political worlds where there is little progress or reform to address social welfare and empowerment This book opens the door for exploring shallow and deep journeys by those in the humanities and social sciences at local national and regional scales      **The English Catalogue of Books [annual]** . ,1891 Vols 1898 include a directory of publishers      **The Portrait of a Shy Lady's Love** H. **Reasonably Vicious** Candace VOGLER, 2009-06-30 Is unethical conduct necessarily irrational Answering this question requires giving an account of practical reason of practical good and of the source or point of wrongdoing By the time most

contemporary philosophers have done the first two they have lost sight of the third chalking up bad action to rashness weakness of will or ignorance In this book Candace Vogler does all three taking as her guides scholars who contemplated why some people perform evil deeds In doing so she sets out to at once engage and redirect contemporary debates about ethics practical reason and normativity Staged as a limited defense of a standard view of practical reason an ancestor of contemporary instrumentalist views Vogler s essay develops Aquinas s remark about three ways an action might be desirable into an exhaustive system for categorizing reasons for acting Drawing on Elizabeth Anscombe s pioneering work on intention Vogler argues that one sort means end or calculative reasons for acting sets the terms for all sound work on practical rationality She takes up Aquinas s work on evil throughout arguing that he provides us with a systematic theory of immorality that takes seriously the goods at issue in wrongdoing and the reasons for unethical conduct Vogler argues that shorn of its theological context this theory leaves us with no systematic uncontroversial way of arguing that wrongdoing is necessarily contrary to reason
