Handbook of Research on Recent Developments in Internet Activism and Political Participation Ibrahim, Yasmin, 2020-06-26 International politics is witnessing a rapid transformation due to the emerging impact of the internet and digital media. Activists in various countries have been given a new medium to voice their views and opinions resulting in governments adapting to the digital environment in which we currently live. As the role of social media and online communities continue to grow, empirical research is needed on their specific impact on governmental policies and reform. Recent Developments in Internet Activism and Political Participation is an essential reference source that explores the modern role that digital media plays within community engagement and political development. This book discusses real world case studies in various regions of the world on how the internet is affecting government agendas and promoting the voice of the community. Featuring research on topics such as digital ecosystems, information technology and foreign policy, this book is ideally designed for researchers, strategists, government officials, policymakers, sociologists, administrators, scholars, educators, and students seeking coverage on the societal impact of social media in modern global politics

Popular Mechanics, 1998-01 Popular Mechanics inspires, instructs and influences readers to help them master the modern world.
