There and Back George MacDonald, 1907 **Behind Ghetto Walls** Michael Novak, 2017-09-08 This book is about the family lives of some 10 000 children and adults who live in an all Negro public housing project in St Louis The Pruitt Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s but the character of the family life there shares much with the family life of lower class Negroes as it has been described by other investigators in other cities and at other times in Harlem Chicago New Orleans or Washington D C This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum The questions which are treated here have to do with the kinds of interpersonal relationships that develop in nuclear families the socialization processes that operate in families as children grow up in a slum environment the informal relationships of children and adolescents and adults with each other and finally the world views the existential framework arising from the life experiences of the Pruitt Igoeans and

the ways they make use of this framework to order their experiences and make sense out of them The lives of these persons are examined in terms of life cycles Each child there is born into a constricted world the world of lower class Negro existence and as he grows he is shaped and directed by that existence through the day to day experiences and relationships available to him The crucial transition from child of a family to progenitor of a new family begins in adolescence and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior This book in short is about intimate personal life in a particular ghetto setting It does not analyze the larger institutional social structural and ideological forces that provide the social economic and political context in which lower class Negro life is lived These larger macro sociological forces are treated in another volume based on research in the Pruitt Igoe community However this book does draw on the large body of literature on the structural position of Negroes in American society as background for its analysis of Pruitt Igoe private life **The Kidney**

Barry M. Brenner, Floyd C. Rector, 1976 Niere **Exploring Translation and Multilingual Text Production** Erich Steiner, Colin Yallop, 2013-02-06 The series serves to propagate investigations into language usage especially with respect to computational support This includes all forms of text handling activity not only interlingual translations but also conversions carried out in response to different communicative tasks Among the major topics are problems of text transfer and the interplay between human and machine activities **Artifactual** Elizabeth Anne Davis, 2023-07-14 In *Artifactual* Elizabeth Anne Davis explores how Cypriot researchers scientists activists and artists process and reckon with civil and state violence that led to the enduring division of the island using forensic and documentary materials to retell and recontextualize conflicts between and within the Greek Cypriot and Turkish Cypriot communities Davis follows forensic archaeologists and anthropologists who attempt to locate identify and return to relatives the remains of Cypriots killed in those conflicts She turns to filmmakers who use archival photographs and footage to come to terms with political violence and its legacies In both forensic science and documentary filmmaking the dynamics of secrecy and revelation shape how material remains such as bones and archival images are given meaning Throughout Davis demonstrates how Cypriots navigate the tension between an ethics of knowledge which valorizes truth as a prerequisite for recovery and reconciliation and the politics of knowledge which renders evidence as irremediably partial and perpetually falsifiable **Ladies' Manual of Practical Hydropathy, for female diseases; also, directions to mothers how to carry out hydropathy for their children** Mrs. Caroline Ann SMEDLEY, 1873
