Perfumes The A Z Guide:

Perfumes Luca Turin, Tania Sanchez, 2009 I've long wished perfumery to be taken seriously as an art and for scent critics to be as fierce as opera critics and for the wearers of certain fragrances to be hissed in public while others are cheered This year has brought Perfumes The Guide by Luca Turin and Tania Sanchez which I breathed in rather than read in one delighted gulp Hilary Mantel Guardian Perfumes The Guide is the culmination of Turin's lifelong obsession and rare scientific flair and Sanchez's stylish and devoted blogging about every scent that she's ever loved and loathed Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume making Perfume writing has certainly never been this honest compelling or downright entertaining *Perfumes* Luca Turin, Tania Sanchez, 2008 An olfactory scientist and a perfume critic review more than 1 200 fragrances to identify preferred and less recommended varieties in a guide that introduces women's and men's fragrances and discusses the history and chemistry of perfumes **Perfumes** Luca Turin, Tania Sanchez, 2010-08-06 I've long wished perfumery to be taken seriously as an art and for scent critics to be as fierce as opera critics and for the wearers of certain fragrances to be hissed in public while others are cheered This year has brought Perfumes The Guide by Luca Turin and Tania Sanchez which I breathed in rather than read in one delighted gulp Hilary Mantel Guardian Perfumes The Guide is the culmination of Turin's lifelong obsession and rare scientific flair and Sanchez's stylish and devoted blogging about every scent that she's ever loved and loathed Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume making Perfume writing has certainly never been this honest compelling or downright entertaining Perfume Recipes Leonard Payne, 2019-08-31 This book contains perfume recipes As well as formulations and accords there are also adventures in a single note i e ISO E Super The volume is completed with a section on Games in which the reader is encouraged to play with some oils and aroma chemicals and by varying quantities achieve different results **Perfumes the Guide 2018** Luca Turin, 2018 **Elite Discourse** Crispin Thurlow, Adam Jaworski, 2018-10-19 Elite Discourse examines how language and communication or just discourse define mediate and legitimize class privilege It does so from the perspective of those people and places who often stand to gain most from inequality Collectively chapters consider language and communication that is elitist in its appeal to distinction excellence and superiority they also describe the ways in which various groups and institutions lay claim to eliteness as a way to position themselves or to be positioned by others as elite or non elite As such chapters are concerned as much with discourse about elite status as they are with the discourse of elites those groups commonly defined by their material wealth political control or demographic rarity Ultimately Elite Discourse views elite as something we do rather than something we necessarily have or are Indeed elite status and eliteness point us to the rhetorical strategies by which many people differentiate themselves and by which they access symbolic material resources for shoring up their status privilege and power This book was originally published as a special issue of Social Semiotics **Theoretical Perspectives on Smell**

Andreas Keller, Benjamin D. Young, 2022-12-30 *Theoretical Perspective on Smell* is the first collection of scholarly articles to be devoted exclusively to philosophical research on olfaction. The essays published here for the first time bring together leading theorists working on smell in a format that allows for deep engagement with the emerging field while also providing those new to the philosophy of smell with a resource to begin their journey. The volume's 14 chapters are organized into four parts: I The Importance and Beauty of Smell II Smell in Time and Space III What We Perceive through Smell IV Smell and Other Senses. The collection solidifies the area as an important emerging branch of perceptual philosophy by presenting the cutting edge research being done by innovative early career researchers as well as by those more senior and established within the field.

Performing Identity in the Era of COVID-19 Lauren O'Mahony, Rahul K. Gairola, Melissa Merchant, Simon Order, 2023-07-31 This innovative volume compels readers to re-think the notions of performance, performing and non-performativity in the context of the COVID-19 global pandemic. Given these multi-faceted ways of thinking about performance and its complicated manifestations throughout the pandemic, this volume is organised into umbrella topics that focus on three of the most important aspects of identity for cultural and intercultural studies in this historical moment: language, race, gender, sexuality and the digital world. In critically re-thinking the meaning of performance in the era of COVID-19, contributors first explore how language is differently staged in the context of the global pandemic, compelling us to normalise an entirely new verbal lexicon. Second, they survey the pandemic's disturbing impact on socio-political identities rooted in race, class, gender and sexuality. Third, contributors examine how the digital milieu compels us to reorient the inside/outside binary with respect to multilingual subjects, those living with disability, those delivering staged performances and even corresponding audiences. Together, these diverse voices constitute a powerful chorus that rigorously excavates the hidden impacts of the global pandemic on how we have changed the ways in which we perform identity throughout a viral crisis. This volume is thus a timely asset for all readers interested in identity studies, performance studies, digital and technology studies, language studies, global studies and COVID-19 studies. It was originally published as a special issue of the *Journal of Intercultural Studies*.
