

# Essay on Personal Experience

High school just wasn't for me. High school just isn't for a lot of people, but adult society has its grasp on today's youth, trying to manipulate them to conform to whatever they think is an acceptable teenager. They need to let it go. Although today's teenagers are not as experienced in the ways of life, they among the smartest people in the world. Teenagers should be educated on what rights they have and how they can use them to their advantage. In my personal experience, I found a way around the system, and I believe everyone can. Because when it comes down to it, you don't always have to choose the path that is laid out in front of you. There are other options.

Now, I grew up in Garden City, I always did pretty good in school , and always considered myself a pretty contempt child, but my mother pasted away in August 1999 when I was twelve. Since then I've basically never respected any adult guardian figures in my life. I became severely depressed and uncontrollably rebellious. I absolutely hated going to school. I hated just being there, and I hated my teachers but mostly I despised all the happy people. I always caused as much mayhem as I could and just flat out refused to do anything. Maybe it was a lack of motivation, or maybe it was severe depression, but whatever the case I continued this way for years, despite constant reminders from my teachers of my brightness and great potential.

When I got to high school my hatred for the school ran even deeper. For this is when I rapidly started to become more and more aware of their subtler Nazi ideals. For instance, there is almost a complete lack of student's rights, including but not limited to: Students may be subject to random search and seizures by school officials at any time, a strict guilty until proven innocent guideline , and the is no true freedom of expression of any sort. It is absolutely ridiculous that they impose these rules and regulations onto students that are in actuality American citizens just like every other American citizen. As a matter of fact there are probably illegal immigrants that have more rights than high school students. I could no longer stand for this complete and udder violation of my morality and beliefs, so in December 2002 a few months after I turned 16, I dropped out of high school and moved with my sister to Liberal.

**The Humble Argument** Roy K. Humble, 2024-07-01 The Humble Argument is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It's the kind of friend that will coach you through a tough time encourage you and make you laugh while you go through it It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle of learning how to write arguments like a college student and doesn't just tell you what you want to hear His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be He writes to students in language they can understand without becoming English majors with just enough humor to keep them reading He writes for faculty moving through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes Perhaps most importantly Humble understands that the price of a book matters to students so his books are affordable From every perspective Humble gets it The Humble Argument has students covered on these important topics Understanding argument as an idea Grasping the stages of the writing process Organizing an argument around rhetorical principles Thinking for yourself as a college student Crafting a careful and clear thesis Gathering and synthesizing evidence to support a thesis Guiding readers through a thoughtful persuasive essay
