Title	Mashed Potato Pizza
Introduction	<p>My grandpa always tells me that people who laugh at their own mistakes will get everyone else to laugh along with them. Yesterday, I learned that he is right.</p>
Beginning of the Story	<p>"Stay in line," Mrs. Martin said. I knew right away that my friend Naomi wouldn't be able to cut. I looked at Naomi and frowned. Soon, the line began to move faster, and I followed along hoping that there would still be pizza.</p>
Middle Events	<p>When I reached the counter, I looked at the choices. I could only see chicken and mashed potatoes, macaroni and cheese, and fish. I could hear the rumbling of my very disappointed stomach.</p> <p>Then, out of the corner of my eye, I saw one last piece of pepperoni pizza. I got so excited.</p> <p>"Pepperoni pizza," I said politely. Mrs. Martin handed me the pizza. I took the paper plate so quickly that the pizza slid off the plate. I tried to save it, but the pizza landed in the pan of hot, buttery mashed potatoes.</p> <p>I could feel my face turning redder and redder. All I could hear was laughter from the kids in line.</p> <p>As I looked at the upside-down pizza, I heard Mrs. Martin's voice. "Maria, would you like a side of mashed potatoes with your pizza?"</p>
End of the Story	<p>I looked up and saw Naomi. She was laughing too. With a nervous smile, I said, "Of course."</p>
Conclusion	<p>Mrs. Martin smiled and scooped the mashed potato pizza on my plate. I looked around at my friends, and we all laughed again.</p> <p>I never really believed my grandpa until I saw my friends laughing with me. The laughing made me feel good instead of just clumsy.</p>

Narrative as Writing and Literacy Pedagogy for Preservice Elementary Teachers Nancy A. Wasser,2021-08-16 I just cannot write or I am not a good writer are familiar complaints from students in academia Many of them claim they cannot express themselves clearly in written text and their lack of this skill impedes them in their academic career In this book Nancy A Wasser argues that teachers can help solve this when they start viewing writing not as secondary to reading but as the equally important side of the same coin Those who cannot read will not be able to write Wasser explains how teaching and regular practicing of writing skills from an early age onwards helps children grow into students who are self aware of their voices By employing narrative as a process of learning to write and a way to read teachers can teach children the art of writing while also making children more aware of their own constructions of narrative Combining the focus on individual and group expression in writing lessons students can trace and reflect on their own life transformations through their writing process Good writers are not born that way but made through effort and practice Changes in curriculum may not only lead to better expressed citizens but also to more balance between teacher and children

voices *Teaching Writing through the Immigrant Story* Heather Ostman, Howard Tinberg, Danizete Martínez, 2021-12-01

Teaching Writing through the Immigrant Story explores the intersection between immigration and pedagogy via the narrative form. Embedded in the contexts of both student writing and student reading of literature chapters by scholars from four year and two year colleges and universities across the country this book engages the topic of immigration within writing and literature courses as the site for extending critiquing and challenging assumptions about justice and equity while deepening students sense of ethics and humanity. Each of the chapters recognizes the prevalence of immigrant students in writing classrooms across the United States including foreign born first and second generation Americans and more and the myriad opportunities and challenges those students present to their instructors. These contributors have seen the validity in the stories and experiences these students bring to the classroom evidence of their lifetimes of complex learning in both academic and nonacademic settings. Like thousands of college level instructors in the United States they have immigrant stories of their own. The immigrant narrative offers a unique framework for knowledge production in which students and teachers may learn from each other in which the ordinary power dynamic of teacher and students begins to shift to enable empathy to emerge and to provide space for an authentic kind of pedagogy. By engaging writing and literature teachers within and outside the classroom *Teaching Writing through the Immigrant Story* speaks to the immigrant narrative as a viable frame for teaching writing an opportunity for building and articulating knowledge through academic discourse. The book creates a platform for immigration as a writing and literary theme a framework for critical thinking and a foundation for significant social change and advocacy.
