*China Gadabouts* Susan Armstrong-Reid, 2017-12-01 The Sino Japanese War 1937-45 had a devastating impact on China's civilian population Braving bandits disease and dangerous roads the China Convoy a Quaker sponsored humanitarian unit delivered medical supplies and provided famine relief in the unoccupied territory of Free China and later to both sides in the ensuing civil war *China Gadabouts* examines the contested roles played by Western and Chinese

nurses in the Convoy's humanitarian efforts from 1941 to 1951. In so doing it re-examines the quandaries of Quakers purportedly apolitical global engagement that remain salient for contemporary humanitarians. Susan Armstrong Reid explores how this work gave meaning to the women's lives and how they attempted to carve out personal and professional space despite a chaotic unfamiliar and occasionally hostile environment. China Gadabouts illuminates the ethical dilemmas, professional challenges and opportunities presented by humanitarian nursing within a Western based relief organization while acknowledging its contentious imperial role. In doing so it spotlights an understudied area of global nursing its role within INGOs now more active than ever in global health care. Women in Music Karin Pendle, Melinda Boyd, 2005-09-19

First published in 2006 Routledge is an imprint of Taylor Francis an Informa company. **A Man of Humility** Anadi Naik, 2021-02-18 Life and Times of Sarat Chandra Maharana. **My Friendship with Martin Buber** Maurice

Friedman, 2013-06-25. Martin Buber's philosophy of dialogue sought to express the human experience through the ways in which we encounter and interact with others. His I-Thou theory of dialogue and I-It theory of monologue expressed ways of understanding one's place in the world in relation to others, objects and especially God. Buber died in 1965 leaving behind a vast library of writings and ardent students and scholars eager to engage with his ideas. One of the most prominent scholars was Maurice Friedman. Friedman and Buber shared a professional as well as a personal relationship based on translating, interpreting and intellectual curiosity. Beginning in the summer of 1950 and ending with Buber's death, this volume takes the reader through Buber's three visits to America, his wife's death, the author's stay in Jerusalem and the articulation of Buber's culminating philosophy of the interhuman. In tracing this chronology, Friedman draws extensively on his personal collection of letters exchanged with Buber. Intimate and meditative, this book provides an exploration of a deeply intellectual friendship shared between two extraordinary thinkers. Motive, 1953. *The Man Who'll See the Poet* Geraldine

Murfin-Shaw, 2014-07-04. This book takes up the story where *At Least She Never Drank Much*, the first volume of Geraldine's autobiography left off. Her erratic journey through life continues to intrigue as she walks out of her job and into an enchanted world of witches, weirdos and wannabe poets. Two offbeat characters she meets at an Earth Mysteries Group kick off the changes that Fate has in store for her and a charismatic stranger she meets on a train takes her on a magical mystery tour through Cumbria's Lakeland, opening up her latent spirituality and leaving her hearing the Voice of God in her head. Like the Cat that Walks by Himself, Geraldine threads her own path through witches, sabbats, predatory preachers, performance poets and passionate romances coming out at the end of it with *The Man Who'll See the Poet*, the only man who ever saw her as she was instead of what he wanted her to be. There is magic and mayhem in this charming book which has Ms. Murfin-Shaw's uniquely individualistic touch. Friends Journal, 2006. Asylum Ways of Seeing Heather Murray, 2022-01-04. *Asylum Ways of Seeing* is a cultural and intellectual history of people with mental illnesses in the twentieth century United States. While acknowledging the fraught and often violent histories of American psychiatric hospitals, Heather Murray also suggests

that it is in these hospitals that patients became more intense observers they gave more conscious consideration to institutional and broader kinds of citizenship to the nature and needs of communities versus those of individuals to scientific modernity and to human rights and solidarities among the suffering All of these ideas have animated twentieth century America and as Murray shows have not just flowed into psychiatric hospitals but outward from them as well These themes are especially clear within patients intimate creative and political correspondence writings and drawings as well as in hospital publications and films This way of thinking and imagining contrasts with more common images of the patient as passive resigned and absented from the world in the cloistered setting of the hospital that have animated psychiatry over the course of the twentieth century Asylum Ways of Seeing traces how it is that patient resignation went from being interpreted as wisdom in the early twentieth century to being understood as a capitulation in scientific and political sources by mid century to being seen as a profound violation of selfhood and individual rights by the century s end In so doing it makes a call to reconsider the philosophical possibilities within resignation      **AB Bookman's Weekly** ,1991
