Brueggeman, Jeffrey D. Fisher, 1993 Rigorous yet practical Real Estate Finance and Investments has been the leading real estate finance and investments text for over 25 years consistently setting the standard for currency and coverage in real estate finance and investments textbooks. The 13th edition continues to provide students with the tools they need to understand and analyze real estate markets and the investment alternatives available to both debt and equity investors. New content and problems addressing current trends in real estate finance and investments have been seamlessly incorporated into the text without disrupting the material and organization instructors have relied on in past editions *The Academy of Management Review* Academy of Management, 1988 [Fintech and Islamic Finance](#) Nafis Alam, Lokesh Gupta, Abdolhossein Zamani, 2019-10-02 Financial Technology Fintech has revolutionized the financial world as one of the fastest growing segments in both the technology and financial sectors. With the usage of underlying principles of Blockchain technology, Fintech is bringing the financial community together and making financial services accessible to everyone. Fintech has far-reaching implications for Islamic finance such as banking, investment, insurance, takaful, and wealth management, which are benefitting from this usage. This book provides a comprehensive review of how Fintech is shaping the Islamic finance industry through three key aspects: Digitalization, Development, and Disruption. The book will provide insight on the Shariah-tech Fintech in line with Shariah principle and its application in the Islamic finance industry. The book also gives an overview of Blockchain and Fintech evolution and how they act as the building blocks of the digital financial landscape. Readers of the book will also get a detailed discernment on the Islamic viewpoint on cryptocurrency as well as the application of the smart contract in different Islamic financial services. The book provides students, academics, and researchers with a detailed description of the Blockchain and Fintech application in Islamic finance.
