successfully implemented Fusion where it was needed the most What s most appealing to teachers is that this approach gives them the chance to determine what strategies they want to learn how much professional development they want to access and when it best fits their schedules As teachers learn use observe and are observed practicing the strategies in their classrooms they determine which practices best fit their students and foster achievement With experience teachers become eligible for related pay increases and Fusion helps teachers to foster the qualities attitudes and behaviors necessary to establish and nurture a collaborative culture within the school community
