Mark has been written about Guy McCubbin's immense influence on California history, and on history beyond California's borders—and rightly so. But the subject of this book, the man who gave and gave back to California, has been Guy McCubbin's story of others. Guy was well prepared to maximize his influence during the inception of new history in California in the 1940s and 1950s. While others have given and given and had major influence on the education, Guy has devoted himself to the study and preservation of these birds and beyond all others. Guy was the star of the founding members of the California Bird Society (CBS), and he has remained a driving force of the Committee and more. Members of the CBS, past and present, proudly dedicate this book to Guy, and wish him many more successful years.
