Romantic Echoes in the Victorian Era Andrew Radford, 2017-03-02 In tracing those deliberate and accidental Romantic echoes that reverberate through the Victorian age into the beginning of the twentieth century this collection acknowledges that the Victorians decided for themselves how to define what is Romantic The essays explore the extent to which Victorianism can be distinguished from its Romantic precursors or whether it is possible to conceive of Romanticism without the influence of these Victorian definitions *Romantic Echoes in the Victorian Era* reassesses Romantic literature's immediate cultural and literary legacy in the late nineteenth century showing how the Victorian writings of Matthew Arnold Wilkie Collins the Brontës the Brownings Elizabeth Gaskell Charles Dickens Gerard Manley Hopkins Thomas Hardy and the Rossettis were instrumental in shaping Romanticism as a cultural phenomenon Many of these Victorian writers found in the biographical literary and historical models of Chatterton Coleridge Byron Shelley Keats and Wordsworth touchstones for reappraising their own creative potential and artistic identity Whether the Victorians affirmed or revolted against the Romanticism of their early years their attitudes towards Romantic values enriched and intensified the personal creative and social dilemmas described in their art Taken together the essays in this collection reflect on current critical dialogues about literary periodisation and contribute to our understanding of how these contemporary debates stem from Romanticism's inception in the Victorian age

British Romanticism and the Archive David Kerler, 2022-06-06 Taking its cue from Jacques Derrida's concept of *le mal d'archive* this study explores the interrelations between the experience of loss melancholia archives and their self destructive tendencies surfacing in different forms of spectrality in selected poetry of British Romanticism It argues that the British Romantics were highly influenced by the period's archival fever manifesting itself in various historical material technological and cultural aspects and implicitly reflected and engaged with these discourses and materialities medialities in their works This is scrutinized by focusing on two basal closely related facets the subject's feverish desire to archive and the archive's self destructive tendencies which may also surface in an ambivalent melancholic relishing in the archived object's presence within its absence Through this new theoretical perspective details and coherence previously gone unnoticed shall be laid bare ultimately contributing to a

new and more profound understanding of British Romanticism s It will be shown that the various discursive and material manifestations of archives and archival practices not only echo the period s technological cultural and historical developments along with its incisive experiencing of loss but also fundamentally determine Romantic subjectivity and aesthetics

What the Victorians Made of Romanticism Tom Mole, 2020-06-09 This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers Tom Mole provides a new reception history of Lord Byron Felicia Hemans Sir Walter Scott Percy Bysshe Shelley and William Wordsworth one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history memory and media Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology He shows how illustrated books renovated Romantic writing how preachers incorporated irreligious Romantics into their sermons how new statues and memorials integrated Romantic writers into an emerging national pantheon and how anthologies mediated their works to new generations This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing such as photographs postcards books and collectibles that in turn remade the public s understanding of Romantic writers Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns *What the Victorians Made of Romanticism* reveals new histories of appropriation remediation and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences

Fellow Romantics Beth Lau, 2016-12-05 Beginning with the premise that men and women of the Romantic period were lively interlocutors who participated in many of the same literary traditions and experiments *Fellow Romantics* offers an inspired counterpoint to studies of Romantic era women writers that stress their differences from their male contemporaries As they advance the work of scholars who have questioned binary approaches to studying male and female writers the contributors variously link among others Charlotte Smith and William Wordsworth Mary Robinson and Samuel Taylor Coleridge Felicia Hemans and Percy Bysshe Shelley Jane Austen and the male Romantic poets These pairings invite us to see anew the work of both male and female writers by drawing our attention to frequently neglected aspects of each writer s art Here we see writers of both sexes interacting in their shared historical moment while the contributors reorient our attention toward common points of engagement between male and female authors What is gained is a more textured understanding of the period that will serve as a model for future studies
