 Edward Loomis,2000-08-14 The book tells the story of an investigator whose views change dramatically as his knowledge of Spain quite dramatically grows in the course of a few years He comes under the influence of the Catholic Church very directly as an experience that repeats itself in certain holy Spanish places This is a personal reaction But it is a religious reaction He accepts it as such He comes to a better sense of the Royalist tradition in both politics and living he feels the strength of it in Spain and its usefulness in the day to day of the country Above all he comes to realize the beautiful way the Spanish miracle is conducting itself The Republican Cause is everywhere triumphant There s a new Democracy out there As peacetime flowers Spain is flowering in a democracy of an ideal type There is a benevolent king The old country has decreed some novelty in old vessels and fabrics still stained with the blood of savage conflict and ventured into the domain of the New as well The investigator plunges into all this strangeness and is charmed by what he finds In this book the study of poets is in collaboration with the doings of a Participant Observer as in Cultural Anthropology At all times a true report is attempted and editing has been drastically limited mostly to correcting obvious solecisms or mis steps The principal bias will be noticeable to any reader it is a love of Spain and of the Spanish language and of some Spanish people The book tells a story but the author of the book is not the author of the story That comes from the way things are in Soria and Baeza in Seu de Orgell and Madrid in the mountains and on the plains and in the language left behind by the genius of this wonderful people
