The Canada-Israel Nexus Eric Walberg, 2017-11-07 The Canada Israel Nexus is a comparative political history of two settler nations their colonial past their relations with the indigenous peoples on whose territories they created and imposed new states and their close linkages to former and current imperial powers The battle for justice in the Middle East involves treachery terrorism exile apostasy and yes conspiracy It is the stuff of legend of which Canada Israel and their relationship is a crucial part The conflict of interests and rights between the colonizer and the colonized is central to this narrative as is the relationship between Jews and the state in history and how that relationship was transformed by the creation of a Jewish state The history of Israel Palestine is like an accelerated version of Canada's dispossession of native peoples though with differing endgames ethnic cleansing vs forced assimilation Canada is Israel's best friend not just in former Conservative prime minister Harper's words or when a youthful Lester Pearson pushed through the plan for a separate Jewish state leading to Israel's creation and his own Nobel Peace prize but in many little known and unexpected ways On the other hand Canadians have numbered among the few daring questioners of the Holocaust for which they have paid dearly Not least this book examines the central question of the identity of Jews in Canada will they be just that with a primal loyalty to an Israeli homeland or will they become Jewish Canadians even anti Zionist Canadians melting easily into Canadian popular culture itself replete with the influence of Jewish east European Yiddishkeit

Canada positions itself in the world Rediscovering Canadian History Paul W. Bennett, 1980 Canadian history including some activities

Invisible and Inaudible in Washington Edelgard Mahant, Graeme S. Mount, 2011-11-01 How does the United States view Canada As a country too unimportant to deserve any defined policy or one that is to be used simply to complement the U S mission in the world This book investigates the gap between Canadian perceptions of American policy toward Canada and actual US policy Edelgard Mahant and Graeme Mount examine details of White House policy from 1945 to the 1980s to assess the extent to which the United States could be said to have had a Canada policy They analyze Canada s role in American foreign policy during the crisis days of the Cold War and they also discuss economic issues such as natural resources trade and investment This book takes on and undermines widely held views of American policies toward Canada It challenges the popular nationalist view that Canada has been treated as peripheral and dependent but it also counters the opposing view that Washington has respected Canadian advice and benefitted from it Instead it argues that for the most part Canada has mattered little in Washington and that America s Canada policy is largely an ad hoc affair Invisible and Inaudible in Washington offers penetrating new perspectives on American Canadian relations a topic about which many Canadians thought there was little more to say and about which many Americans have scarcely thought at all Growing Up Muslim Andrew Garrod, Robert Kilkeny, 2014-04-11 While 9 11 and its aftermath created a traumatic turning point for most of the writers in this book it is telling that none of their essays begin with that moment These young people were living probing and shifting their Muslim identities long before 9 11 I ve heard it said that the second generation never asks the first about its story but nearly all the essays in this book include long intimate portrayals of Muslim family life often going back generations These young Muslims are constantly negotiating the differences between families for whom faith and culture were matters of honor and North America s youth culture with its emphasis on questioning exploring and inventing one s own destiny from the Introduction by Eboo Patel In Growing Up Muslim Andrew Garrod and Robert Kilkeny present fourteen personal essays by college students of the Muslim faith who are themselves immigrants or are the children of immigrants to the United States In their essays the students grapple with matters of ethnicity religious prejudice and misunderstanding and what is termed Islamophobia The fact of 9 11 and subsequent surveillance and suspicion of Islamic Americans particularly those hailing from the Middle East and the Asian Subcontinent have had a profound effect on these students their families and their communities of origin
