

### **A More Connected World**

Imagine the size of the Earth, and then draw 2.5 billion lines over it. According to one estimate, this is the smallest number of connections that are currently made through social media, with both followers and friends. Social media is the term used to describe any online community or network in which users create and share content and ideas with others. In these types of networks, people form intricate webs of relationships, share pictures and messages, connect with public figures, participate in events and classes, raise money for causes, and advertise their businesses. Social media affects our lives in countless good ways. Unfortunately, people such as child predators, bullies, and scammers can also use social media for hurtful purposes. In addition, ordinary people sometimes use bad judgement with social-media posts that leads to negative consequences, and can even become addicted to communicating through the Internet so much that they lose touch with reality. Despite these problems, I think social media has enough positive potential that cancels out the negatives.

If used in a responsible way, social media allows people to achieve hundreds of things more easily than without it. One of the greatest advantages of these applications is that they bring people together. For example, my family uses Skype to chat with my grandparents in Hungary nearly every day. And my mother communicates with the members of the yoga class she teaches through a Meetup app on her phone. Old friends can reunite and current friends communicate more easily through Facebook or Instagram. By using a Twitter feature called Hashtags people are able to comment and share ideas in real time, such as during the 2013 New York City mayoral debate, when voters were able to ask questions to the candidates using #NYCDebate. It is even possible to follow news reporters through Twitter and suggest ideas to them. Compared to watching the news on television, using a feed like Mashable is much more efficient because people choose what sources their news comes from. They also have the ability to choose what topics they receive information about. In nations such as Venezuela where news is restricted by the government, citizens can convey to large groups of people what events are really taking place by posting videos on Youtube.

Social media's advantages extend to education, non-profits, and business. I am currently taking a massive open online course (MOOC) offered by Stanford University in which the instructor announces the assignments to over 5,000 students through her Facebook feed. This online class challenges teams from across the globe to communicate and create projects together through Google+. Because of its ability to reach thousands of people at the same time, social media can also be used to raise awareness for and funds for charities and causes. For example, Island Beach State Park, a nonprofit organization that protects animals' natural habitats, encourages people to donate through their Twitter feeds. Virtually any charity today maintains a Facebook or Twitter presence. Likewise, most businesses have Instagram or Facebook links to notify potential customers of events and sales. Another way that social media helps business is by facilitating inexpensive advertising. While advertising during the Super Bowl costs millions of dollars, maintaining a social media is free. Social media has seemingly unlimited capabilities, and people are still figuring out creative ways to use it in positive ways.

## **People To People Essay Contest 2014:**

**Commonwealth Yearbook** Nexus Strategic Publishers, 2015-09-15 The Commonwealth Yearbook is the flagship annual publication of the Commonwealth Secretariat with this special anniversary edition celebrating the Secretariat's 50th year. Published annually, the Yearbook is the essential reference guide to the countries, organisations, activities and values of the modern Commonwealth. This special 2015 anniversary edition has been fully updated to include Strategic directions of the association as it prepares for the Commonwealth Heads of Government Meeting and Commonwealth People's Forum 2015 in Malta. Programmes and partnerships adding global value in the areas of politics, democracy and rights, rule of law, gender equality, youth empowerment, governance and natural resources, health and education, economics and trade and resilience in small and vulnerable states. Moments of Commonwealth history recorded by historians and Secretariat insiders of the time. A guide to the essential Commonwealth communiqués and declarations including those from the 2013 Heads of Government meeting in Sri Lanka and Commonwealth Charter. Comprehensive profiles of 53 member countries including overseas territories. An extensive statistics and reference section and the official directory of Commonwealth professional, cultural and civil society development agencies.

**Teaching African and African American History In the Home, School, and Community** Dr. Eva M. Doyle, 2023-11-13 The book *My Journey of 45 Years Teaching African American History in the Home, School and Community* traces the author's life as an Educator, Historian and Community Activist with the goal of sharing little known facts about the contributions of African Americans to our nation and the world. Much of this history has been excluded from many textbooks. The readers will find this book to be biographical, informative and historical. The places, events, community projects and people featured here have contributed to a life-long journey of research and writing. It is the hope of this writer that this book will be used not only as a resource to learn more about the contributions of African Americans but as an incentive for readers to share their talents, knowledge and creativity to make a difference in the world. This is the 13th book in the Eye on History Series of publications designed to educate and inform readers on a variety of topics. For more information go to [www.evamdoyle.com](http://www.evamdoyle.com).

**Critical Decade, A: China's Foreign Policy (2008-2018)** Zhiqun Zhu, 2019-07-09 China emerged as a major economic, diplomatic and military power during the critical decade from 2008 to 2018. As a result, China's foreign policy has become more active and dynamic. This book provides a unique perspective to understand Chinese foreign policy during this decade by examining continuities and changes in both internal and external factors that have shaped China's development. The book focuses on key challenges in China's diplomacy such as US-China relations, the Korean Peninsula, Taiwan, Japan, India, Chinese investment overseas, the Belt and Road Initiative, global and regional cooperation, soft power, etc. It also includes an extensive annotated bibliography of major recent publications on various aspects of Chinese foreign policy. This is the first scholarly book that studies the evolution and key challenges of China's foreign relations during the critical decade 2008-2018 when China grew into a crucial, sometimes assertive power in

**United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 1 ,** *Branding*

*Authoritarian Nations* Petra Alderman, 2023-07-28 *Branding Authoritarian Nations* offers a novel approach to the study of nation branding as a strategy for political legitimation in authoritarian regimes using the example of military ruled Thailand The book argues that nation branding is a political act that is integral to state legitimation processes particularly in the context of authoritarian regimes It applies its alternative reading of nation branding to eight different sectors tourism economy foreign direct investment foreign policy education culture public relations and the private sector The author explains that nation branding produces specific kinds of applied national myths referred to as strategic national myths She shows that nation branding is an inherently inward looking strategy aimed at shaping the social attitudes and behaviours of the nation s citizens in line with the government s domestic agenda and legitimation needs Providing the first comprehensive analysis of nation branding in Thailand and the first book length account of the country s political developments since the 2014 2019 military rule the book is primarily aimed at academics in the disciplines of politics international relations communication and area studies as well as business cultural and intercultural studies

*Punks, Monks and Politics* Julian C H Lee, Marco Ferrarese, 2016-11-23 Authenticity is much sought after being described as inauthentic is an insult or an embarrassment Being authentic suggests that a given behaviour or performance is reflective of a trueness or genuineness to one s identity From a social science perspective there is sometimes scepticism expressed about the historical faithfulness of purported behaviours such as when something is referred to as an invented tradition However what can be overlooked in such criticisms is an array of sociological and existential dynamics that are at play when authenticity is striven for Likewise able to be overlooked is where the location of that authenticity is ostensibly founded sometimes the trueness of the behaviour is located in local traditions that reach back into time immemorial sometimes in a universal human and shared sameness and sometimes with regard to a global phenomenon *Punks Monks and Politics* explores the idea of authenticity as enacted in Thailand Indonesia and Malaysia The collective contributions reveal the sometimes contradictory ways in which the dynamics

of authenticity its pursuit its deployment its politics play out in very different contexts Whether authenticity inheres in the local or the global amongst the majority or within a subculture on the outside of or within people or in the past or the present authenticity is nevertheless valued

**Transnational Cultural Flow from Home** Pyong Gap Min, 2022-12-09 When the first wave of post 1965 Korean immigrants arrived in the New York New Jersey area in the early 1970s they were reliant on retail and service businesses in the minority neighborhoods where they were This caused ongoing conflicts with customers in black neighborhoods of New York City with white suppliers at Hunts Point Produce Market and with city government agencies that regulated small business activities In addition because of the times Korean immigrants had very little contact with their homeland Korean immigrants in the area were highly segregated from both the mainstream New York society and South Korea However after the 1990 Immigration Act Korean immigrants with professional and managerial backgrounds have found occupations in the mainstream economy Korean community leaders also engaged in active political campaigns to get Korean candidates elected as city council members and higher levels of legislative positions in the area The Korean community s integration into mainstream society also increasingly developed stronger transnational ties to their homeland and spurred the inclusion of everyday Korean life in the NY NJ area Transnational Cultural Flow from Home examines New York Korean immigrants collective efforts to preserve their cultural traditions and cultural practices and their efforts to transmit and promote them to New Yorkers by focusing on the Korean cultural elements such as language foods cultural festivals and traditional and contemporary performing arts This publication was supported by the 2022 Korean Studies Grant Program of the Academy of Korean Studies AKS 2022 P 009

Brandl, 2015-12-22 Grazer Philosophische Studien is a peer reviewed journal that publishes articles on philosophical problems in every area especially articles related to the analytic tradition Each year at least two volumes are published including special issues with invited papers Reviews are accepted by invitation only

**The Sustainable Development Goals** Paul Bacon, Mina Chiba, Frederik Ponjaert, 2022-10-31 There have been significant efforts to implement the Sustainable Development Goals SDGs at multiple levels of governance across all regions of the world However the manner in which the global governance norms underlying the SDGs are actually being diffused is under researched and not well understood This book considers the promotion of the SDGs through the lens of norm diffusion theory with a focus on three SDG policy areas health education and decent work A distinctive feature of the book is that it offers multiple original case studies of SDG norm diffusion involving Asian and European actors A unique feature is that the case studies in the book identify relevant SDG norm senders and norm receivers and examine the relationship between them The book also challenges the assumption that the SDGs themselves are static and unchanging and reveals how SDG norms are dynamic and can be reformulated as a result of contestation between norm senders and norm receivers As well as introducing a diverse and original set of case studies the book therefore allows readers to deepen their understandings of the policy diffusion mechanisms by which SDGs are diffused and grasp the patterns of success and failure in the implementation of these policies Chapters 4 5 and 7 of this book are available for free in PDF format as Open Access from the individual product page at [www.routledge.com](http://www.routledge.com) It has been made available under a Creative Commons Attribution
