Conference Proceedings. New Perspectives in Science Education Pixel, 2017 [Women's Under-Representation in the Engineering and Computing Professions: Fresh Perspectives on a Complex Problem](#) Kathleen Buse, Catherine Hill, Romila Singh, 2018-06-21

Understanding the many complexities that define gender inequality has been described by researchers as a grand challenge. Novel insights, innovation, a broader community to conduct research, and to ascertain effective interventions are essential in the challenge to create organizations that are gender equal. As such, this Research Topic in *Frontiers in Psychology* addresses the underrepresentation of women in engineering and computing as a complex but solvable problem. This Research Topic seeks to inform the global community about advances in understanding the underrepresentation of women in engineering and computing with a focus on what enables change. Further, this Topic will promote fresh perspectives, innovative methodologies, and mixed method approaches important to accelerating the pace of change.
