Lovelace,1990-12-11 Presented in this volume is a discussion of current literature and theoretical issues relating to three aspects of late life age related cognitive change Firstly evidence regarding aging and the basic mental processes of attention motor control memory language problem solving and intelligence are presented Secondly the role of personal traits such as personality and self efficacy in the aging of cognitive function are developed along with self awareness of cognitive processes and age changes in the monitoring of these processes Thirdly consideration is given to the study of interventions to delay or remediate the cognitive declines of aging Aggregation-Induced Emission Ben Zhong Tang,Anjun Qin,2013-09-05

Aggregation Induced Emission AIE is a novel photophysical phenomenon which offers a new platform for researchers to look into the light emitting processes from luminogen aggregates from which useful information on structure property relationships may be collected and mechanistic insights may be gained The discovery of the AIE effect opens a new avenue for the development of new luminogen materials in the aggregate or solid state By enabling light emission in the practically useful solid state AIE has the potential to expand significantly the technological applications of luminescent materials

Aggregation Induced Emission Fundamentals is the first book to explore the fundamental issues of AIE including the design synthesis and photophysical behavior of AIE active molecules and polymers The control of the morphological structures of the aggregates of AIE active materials and the experimental investigation and theoretical understanding of the AIE mechanism are also covered in this volume Topics covered include AIE in group 14 metalloles AIE in organic ion pairs Red light emitting AIE materials Supramolecular structure and AIE AIE active polymers Enhanced emission by restriction of molecular rotation Crystallization induced emission enhancement Theoretical understanding of AIE phenomena This book is essential reading for scientists and engineers who are designing optoelectronic materials and biomedical sensors and will also be of interest to academic researchers in materials science and physical and synthetic organic chemistry as well as physicists and biological chemists *Lego Software Power Tools With LDraw MLCad and LPub* Kevin
