**Round about the Upper Thames** Alfred Williams,1922      *Round about the Upper Thames* Alfred Williams,2014-11-25  
Originally published in 1922 this work details the history and society of the Upper Thames The following passage is an extract from its preface The scope of the book is principally nature and life speech story tradition and humorous incident Whatever of this is contained in the chapters was gleaned on the ground and is I believe for the most part original In traversing the circle of villages in the area I have attempted to avoid historical references which are often tedious though it was obviously impossible to eliminate them altogether The question always is whether a particular locality is in itself sufficiently interesting to merit attention This I leave for the reader to decide his judgment and not mine must determine the issue Since my object was to portray as much life as possible not its sufferings and tragedy I have made free use of persons and these not fictitious but real who inhabited the villages within the memory of those yet living believing that such records can never become stale or valueless and that here as elsewhere a little fact is more convincing than a goodly array of fiction The River Thames takes its name from the Middle English Temese which is derived from the Celtic name for river Originating at the Thames Head in Gloucestershire it is the longest river in England flowing a total length of 236 miles out through the Thames Estuary and in to the North Sea On its journey to open water it passes through the country s capital London where it is deep enough to be navigable for ships thus allowing the city to become a major international trade port      **ROUND ABOUT THE UPPER THAMES** ALFRED. **The Bookman** ,1922      A Reader's Guide Book May Lamberton Becker,1924      **Translations, an autoethnography** Paul Carter,2021-12-21 Translations is a personal history written at the intersection of colonial anthropology creative practice and migrant ethnography Renowned postcolonial scholar public artist and radio maker UK born Paul Carter documents and discusses a prodigiously varied and original trajectory of writing sound installation and public space dramaturgy produced in Australia to present the phenomenon of contemporary migration in an entirely new light Migrant space time Carter argues is not linear but turbulent vortical and opportunistic Before and after narratives fail to capture the

work of self becoming and serve merely to perpetuate colonialist fantasies The mirror state relationship between England and Australia its structurally symmetrical histories of land theft and internal colonisation repress the appearance of new subjects and subject relations Reflecting on collaborations with Aboriginal artists Carter argues for a new definition of the stranger host relationship predicated on recognition of Aboriginal sovereignty Carter calls the creative practice that breaks the cycle of repeated invasion dirty art Translations is a passionately eloquent argument for reframing borders as crossing places framing less murderous exchange rates symbolic literacy creative courage and above all the emergence of a resilient migrant poetics will be essential

Journal of the British Archaeological Association British Archaeological Association,1921 Folktales of Newfoundland Pbdirect J.D.A. Widdowson,Herbert Halpert,2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator s language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case

**Among Our Books** Carnegie Library of Pittsburgh,1924 *Village Song & Culture* Michael Pickering,2015-12-14 Originally published in 1982 The songs on which this study is based were once vibrant in the throats and ears and minds of living people This book examines the songs and their meanings in relation to the lives of those people and relates them to the cultural tradition and practice of which they were an integral part The art of village song represents a sense of cohesiveness and mutual identity around local patterns of kinship social groupings territorial orientations and cultural relationships The actual ways in which songs were

part of village life is of course highly problematic but this book endeavours most of all to present an understanding of the place of song in the social life of villagers      *Monthly Bulletin of the Carnegie Library of Pittsburgh* Carnegie Library of Pittsburgh,1924      The Publishers' Circular and Booksellers' Record ,1924      Excavation, Analysis and Interpretation of Early Bronze Age Barrows at Guiting Power, Gloucestershire Alistair Marshall,2020-04-30 This volume covers the full excavation analysis and interpretation of two early Bronze Age round barrows at Guiting Power in the Cotswolds a region where investigation and protection of such sites have been extremely poor with many barrows unnecessarily lost to erosion and with most existing excavation partial and of low quality
