

The Legalization of Same-Sex Marriage in the Philippines

Same-sex marriage is the practice of marrying someone of the same sex. It is a marriage between two women or two men under the law. Most countries in the world have already legalized same-sex marriage, but not all. The Philippines is one of the countries that have yet to legalize same-sex marriage in the country. There was international research on how many people are part

of the LGBTQ+ community in the Philippines. According to the research, most of the people who are part of the LGBTQ+ community in the Philippines are in the Metro Manila area. This shows the support of people who are part of the LGBTQ+ in the country. Then, the question came up, should we allow the legalization of same-sex marriage here in the Philippines? There was a survey conducted by the Social Weather Stations in that part of the Philippines on the issue of legalizing same-sex marriage. The majority of the survey showed that 60% of the people who support the legalization of same-sex marriage here in the Philippines. 20% are in favor of legalizing it and 20% of the Philippines have not decided whether they agree or disagree on the matter. This indicates that the acceptance rate of the citizens in the Philippines toward same-sex marriage is still pretty low despite the Philippines being a "gay-friendly country" (Gonzales, 2016). The president of the Philippines, Mr. Rodrigo Duterte, also opposed the legalization of same-sex marriage here in the country that this is not an option and same-sex marriage is not applicable here in the Philippines because we are Catholic (Gonzales, 2017). Regardless, same-sex marriage should be legalized in the Philippines to strengthen the fundamental rights of equality and free freedom of belief and religion.

There are reasons for the LGBTQ+ community to be supported in the country of the Philippines. They have suffered a long, continuous, leading to the denial of citizens, especially the LGBTQ+ community here in the Philippines because of their sexual orientation. The denial of rights due to religious fundamentalism is one of the reasons why same-sex marriage is considered as one of equality and love of people. Different religious practices have brought different gay, lesbian, transgender, and other who opposed to religious freedom to citizens' equal rights under the law (Gonzales, 2016). According to the 2016, this survey is an act of representation of religious freedom in different of the different religious and the gay against the freedom of choice and freedom of belief in the Philippines of people in 2016. This shows that the Philippines' religious freedom also is possible not to practicing religion and observing attitude for a fundamental acceptance of
