Developing Standards-Based Report Cards Thomas R. Guskey, Jane M. Bailey, 2010 Providing a clear framework this volume helps school leaders align assessment and reporting practices with standards based education and develop more detailed reports of children's learning and progress New Developments in Pupil Report Cards ... National Education Association of the United States. Department of superintendence & research division, 1934 **An Analysis of Kindergarten & Elementary Report Cards** D. Keith Osborn, Janie Dyson Osborn, 1989 Report Cards for Kindergarten and Elementary Grades Rowena Catherine Hansen, 1931 **NAEP 1994 Reading Report Card for the Nation and the States** Jay R. Campbell, 1996 This report describes students' reading achievements at grades 4, 8, and 12 and within various subgroups of the general population. State level results are presented for individual states that chose to participate in the 1994 Trial State Assessment. Chapter 1 presents an overview of the 1994 NAEP reading assessment and sample questions and responses. Chapter 2 provides overall average proficiency results for the nation, regions, subgroups of students and jurisdictions participating in the Trial State Assessment. Chapter 3 describes students' reading performance in terms of achievement levels. Chapter 4 focuses on cross state comparisons of proficiency results from the state by state assessment at grade 4. Chapter 5 describes contextual factors related to students' reading achievement. Chapter 6 describes specific abilities demonstrated by students in the NAEP reading assessment and reports student performance when reading for different purposes. The most striking finding from the 1994 assessment is that the average reading proficiency of 12th grade students declined significantly from 1992 to 1994. Other major findings include 1) the decline in average proficiency among 12th graders between 1992 and 1994 was concentrated among lower performing students, 2) reading proficiency at all three grade levels was higher on average for students whose parents had more education, 3) at all three grade levels female students had higher average reading proficiencies than male students, and 4) students who reported having a greater array of literacy materials in their homes displayed higher average reading achievement. Contains 38 tables and 23 figures of data. Appendixes provide an overview of procedures used in the 1994 assessment and describe students' reading performance, cross state proficiency and achievement level results, and sample texts and questions. RS *NAEP ... Reading Report Card for the Nation and the States*, 1996 **Annual Report of the Secretary of the Interior for the Fiscal Year ...** United States. Department of the Interior, 1936 NAEP 1994 U.S. history report card : findings from the National Assessment of Educational Progress Alexandra S. Beatty, 1996 This book describes results from the 1994 National Assessment of Educational Progress (NAEP) assessment in U.S. history conducted at grades 4, 8, and 12. Included in this report card are the results of students' achievement at each grade and within various subgroups of the general population. The report discusses the relationships between student performance and instructional and home background variables. This information gives educators a context for evaluating the U.S. history achievement of students and the results that may be used to guide reform.
