Should a person be forced to reside in poverty because minimum wage is not sufficient enough to match or exceed the total income meeting the poverty threshold? Does the need for government assistance determine impoverishment? These vast outlooks on the topic of penury, give great difficulty in determining it's true meaning.

To be evaluated and considered to live in privation, individuals must not exceed a minimal income based upon all documented expenses. Universal understandings of poverty can only be acknowledged if it includes the diversified cultures of different areas. Economic struggles differ from country to country. Different measures are assumed to which regions can provide a certain quality of life. Poverty refers more towards a matter of survival.
