 G. Kaplan,2015-12-07 Whether you re a practicing cataloger looking for a short text to update you on the application of RDA
 to cataloging records or a school librarian who needs a quick resource to answer cataloging questions this guide is for you
 Since the last edition of this invaluable text was published the library world has experienced a revolution in descriptive
 cataloging the likes of which has not been seen since the early 1980s This updated third edition of an established and well
 respected guide makes it easy for you to stay in step with those monumental changes The book will help you understand the
 latest fundamentals of cataloging so you can get items on the library shelves quickly and efficiently Every chapter has been
 revised Changes in standards including RDA and BISAC that were alluded to in the second edition are discussed in depth and
 illustrated with explanations and sample problem sets are included so you can put theory into practice In addition the book
 provides you with clear headings for easy scanning as well as cheat sheets and templates for creating records for book and
 non book items Previous editions of this text have been used by library practitioners and library and information science
 professors across the country because of its spot on easy to follow guidance on cataloging for school libraries This new
 edition builds upon those strengths adding everything you need to know about current groundbreaking changes
