Perception Eve Series Book 3:

Transcendence A. L. Waddington, 2024-06-29 A storm is brewing Several years ago Sidney learned that she like her sister Jocelyn had inherited the gift or curse of EVE the ability to live parallel lives on two separate planes of existence two centuries apart as their soul travels nightly A prospect she has yet to fully embrace Sidney's 21st century life consists of her boyfriend Landon completing medical school and following her mother's footsteps to becoming a doctor She has worked hard and sacrificed much to get where she is and she is proud of all she has accomplished But the actions of her 19th century self threatens to jeopardize it all As the threat of the looming American Civil War darkens her world she is consumed with her limited abilities as a woman Unrest and tension surround her Boston estate as her neighbors speculate what the future holds How can she remain silent in her knowledge when her husband Keifer and all those dear to her will soon be in imminent danger A storm around her is brewing and she feels powerless to stop it

Enlightened A. L. Waddington, 2024-06-29 Time stands still cause time can't heal The barrier between Jocelyn Timmons' consciousness continues to dissolve as she better understands the two lives she lives and enormity of her newly discovered inherited gift of EVE Essence Voyager Era which allows her to fall asleep on one plane of existence and awaken on another as her soul travels nightly Present day Jocelyn uncovers the vast wonderment of the Victorian era but soon learns that life during then was not as grand for women as she has read in the classics Still she finds comfort in the support of family and friends a bolstering contrast to her overly hectic career oriented family in the twenty first century Her love for Jackson Chandler strengthens over time and becomes the light she so desperately needs as the world she has always known no longer makes sense Yet the closer she is drawn to Jackson by their mutual ability the more strain develops amongst those she loves in 2009 On the other side of Jocelyn's consciousness in 1878 she remains ignorant of EVE Her life is crumbling around her yet she finds herself anxiously awaiting the images that invade her dreams Jocelyn longs to be the woman she portrays in that world yet her jealousy is unbearable Miscommunication betrayal and hidden agendas make trust nearly impossible The clearer the visions become the more she questions the motives of her closest confidants and foregoes revealing the images that plague her perception As her life seems to unravel Jocelyn's two worlds collide and she is enlightened as the pieces start to fall into place But is she strong enough to survive the truth Is Jackson really her destiny And can their love transcend time

Essence A. L. Waddington, 2024-06-29 Our minds often wander but can our souls Jocelyn Timmons does not believe she is anything special just an ordinary high school senior living an ordinary life full of schoolwork volleyball and friends She's about to find out how wrong she is Jackson Chandler moved into the house across the street His dark wavy hair green eyes and charismatic personality draw everyone to him Everyone but Jocelyn Whenever Jackson gets near Jocelyn she feels ill and dizzy When he touches her she blacks out and has visions of another life in another time As the odd hallucinations evolve and become clearer she feels a strong pull towards the people she sees there Frightened she watches her once stable life begin to

crumble around her and she begins to question her own sanity Could it be possible that these episodes are actually her own memories of a life she is living somehow somewhere some when Maybe this is time travel or some other paranormal mysticism Our minds often wander but can our souls

Muslim Perceptions and Receptions of the Bible Camilla Adang, Sabine Schmidtke, 2019-07-24 The articles brought together in this volume deal with Muslim perceptions and uses of the Bible in its wider sense including the Hebrew Bible or Old Testament as well as the New Testament albeit with an emphasis on the former scripture While Muslims consider the earlier revelations to the People of the Book to have been altered to some extent by the Jews and the Christians and abrogated by the Qur n God s final dispensation to humankind the Bible is at the same time venerated in view of its divine origin and questioning this divine origin is tantamount to unbelief Muslim scholars approached and used the Bible for a variety of purposes and in different ways Thus Muslim historians regularly relied on biblical materials as their primary source for the pre Islamic period when discussing the creation as well as the history of the Israelites and the prophets preceding Mu ammad Authors seeking to polemicize against Jews and Christians were primarily interested in the presumed biblical annunciations of Mu ammad and his religion and or in perceived contradictions and cases of internal abrogation in the Bible These various concerns resulted from and had an impact on the ways in which Muslim authors accessed the scriptures

Human Agency and Divine Will Charlotte Katzoff, 2020-05-26 This book explores the conjuncture of human agency and divine volition in the biblical narrative sometimes referred to as double causality A commonly held view has it that the biblical narrative shows human action to be determined by divine will Yet when reading the biblical narrative we are inclined to hold the actors accountable for their deeds The book then challenges the common assumptions about the sweeping nature of divine causality in the biblical narrative and seeks to do justice to the roles played by the human actors in the drama God s causing a person to act in a particular way as He does when He hardens Pharaoh s heart is the exception rather than the rule On the whole the biblical heroes act on their own their personal initiatives and strivings are what move the story forward How does it happen then that events remarkably conspire to realize God s plan The study enlists concepts and theories developed within the framework of contemporary analytic philosophy featured against the background of classical and contemporary bible commentary In addressing the biblical narrative through these perspectives this book holds appeal for scholars of a variety of disciplines bible studies philosophy religion and philosophical theology as well as for those who simply delight in reading the Bible

Cosmos and Perception in Plato's Timaeus Mark Eli Kalderon, 2023-05-19 This volume offers a wide ranging study on perception in the Timaeus not only discussing senses such as touch taste and olfaction alongside audition and vision but also engaging with Timaeus wider cosmological project Most studies of perception in the Timaeus focus on a few narrow passages on vision and audition By taking the broader approach of this volume important lessons about the nature of perception may be gleaned from Timaeus cosmogony psychogony and anthropogony While there is an emerging modern consensus that the Timaeus should be read literally this study argues against a literal interpretation of the spatial and kinetic properties of the soul in favour of a metaphorical understanding Not only does this yield a rich account of the intentionality of cognition but also sheds light onto the nature of the soul body union In addition this volume argues for the largely overlooked significance of Timaeian anatomy as it contributes to our

understanding of the providential scheme of Timaeus cosmology more generally Cosmos and Perception in Plato's Timaeus is of interest to students and scholars of the Timaeus and Plato's thought more broadly as well as those working on ancient theories of perception and the philosophy of mind *Catalog of Copyright Entries.
