

When the Constitution, then only 17
years old, was signed, it was the
most important document in the
history of the world. It was the
first time that a group of men
had agreed to give up their
individual power and create a
new government. The Founding
Fathers of the United States
were men of great courage and
vision. They knew that the
future of the nation depended
on the success of the new
government. They knew that
the only way to ensure the
future of the nation was to
create a government that was
based on the principles of
liberty and justice for all.

VOICES OF REVOLUTION: Americans Speak Out For Ron Paul Political Spectrum Publishing, 2012-02-21 *VOICES OF REVOLUTION* is a unique book with the noble mission of bringing voters to Ron Paul. Over twenty authors united under a common cause in order to challenge YOU the reader to take this intellectual journey which is sure to challenge and rattle your core beliefs. These authors are true patriots who understand the ills plaguing America and are urging others to listen to what they have to say and learn how Americans can restore everything that made this country great and whose leadership to rally behind. RON PAUL. These Americans come from all walks of life from young liberals to older conservatives from artists and blue collar workers to lawyers and war veterans they share a common goal and a love for America. So ARE YOU UP TO THE CHALLENGE

The Booklist, 1922 *The Booklist*, 1969 *Booklist*, 1922 *The Little Book of Bull Moves, Updated and Expanded* Peter D. Schiff, 2010-08-02 In *The Little Book of Bull Moves* popular author and economic advisor Peter Schiff takes a new look at America's bull markets of the 1920's, 1960's and 1990's and the bear markets that followed. Analyzing similarities and differences from both an economic and political perspective Schiff discusses investment strategies that worked then and explains how those same conservative approaches to investing can be applied in today's market. Provides detailed advice on the techniques and strategies that can help investors maintain and even build wealth now and in the turbulent times that lie just ahead. Filled with insightful commentary, inventive metaphors and prescriptive advice. Other titles by Schiff: *Crash Proof: How to Profit From the Coming Economic Collapse* and *The Little Book of Bull Moves in Bear Markets*. Written by a seasoned Wall Street prognosticator, *The Little Book of Bull Moves* shows readers how to make money under adverse market conditions by using conservative, nontraditional investment strategies.

Path of Grass Savannah Liston, 2011-06-21 A child believed to be an orphan grows up in a German convent during the turbulent years of Hitler's rise. A newly wed couple in rural Iowa is separated by World War II but strangely united through an encounter on the outskirts of a German village. A man trying to rebuild his family and life in America after his wife leaves finds himself imprisoned for an unknown crime. A young woman visiting the United States from war-torn Uzbekistan is told that her family has been killed in a military raid. And not long after she marries an American man, her husband mysteriously disappears. *Path of Grass* is a story of liberty and courage against tyranny. It is a story of people who chose a journey of individual freedom rather than sacrificing their lives to an oppressive government.

Challengers to Duopoly J. David Gillespie, 2012-12-07 Building on the foundational importance of its predecessor *Politics at the Periphery* 1993 *Challengers to Duopoly* offers an up to date overview of the important history of America's third parties and the challenge they represent to the hegemony of the major parties J David Gillespie introduces

readers to minor partisan actors of three types short lived national parties continuing doctrinal and issue parties and the state and local significant others Woven into these accounts are profiles of some of the individuals who have taken the initiative to found and lead these parties Ross Perot Ralph Nader Jesse Ventura and other recent and contemporary electoral insurgents are featured along with the most significant current national and state parties challenging the primacy of the two major parties Gillespie maintains that despite the infirmities they often bear third parties do matter and they have mattered throughout American public life Many of our nation s most important policies and institutional innovations including abolition women s suffrage government transparency child labor laws and national healthcare were third party ideas before either major party embraced them Additionally third parties were the first to break every single de facto gender race and sexual orientation bar on nomination for the highest offices in the land As Gillespie illustrates in this engaging narrative with the deck so stacked against them it s impressive that third party candidates ever win at all That they sometimes do is a testament to the power of democratic ideals and the growing disdain of the voting public with politics as usual
