

CLOSING REMARKS for COMMENCEMENT EXERCISES

By: Carrie Justine P. Estrellado

Good Evening Ladies & Gentlemen

Before we close this evening's ceremonies, I'd like to take this last opportunity to say, on behalf of the faculty, staff, and administration of GSCI, congratulations, both the graduates and the family and friends who have helped us arrive at this moment.

Our graduates! It is clearly seen your outstanding achievements and it's well deserved pride! Though that's not merely the end of awarding of certificates and diplomas and medals and be followed by hanging in your wall just for many people to admire with.

So exactly what tonight means is not the highlight of great applause for such token received. But, rather accentuating the individuality on how far you set your limits.

Just think about all that brought us here...all the trials and misfortunes, too great to recall, all the nights of study, all the grades, all the classroom experiences, all the stress, all the relationships all the BAON, all the efforts, all the insights...all of it...it all comes together here tonight, in this ceremony.... Moreover as we have observed some things changed. Yes! The tassels are on the left side now and that underscores their symbolic value. As we witnessed your defying fruitful journey come to an end this night ... another door awaits you with lots of opportunities, chances, challenges, and pursuits. There comes a time that you will apply all the information, knowledge, and wisdom you gained. And that time is, now, as you leave the gates of your alma mater kindly embody the ideals that we implanted and possess the visions of holding the light of future and show the world your individuality with gratification. Nevertheless adversities are not an exception to the rule of having success. Sure you will face predicaments. But despite of that don't forget to hold on character that is very crucial – that will be your reflection for tomorrow on how you will build a strong foundation in your family, peers, community and even yourself.

As I leave a noteworthy quotation from famous philosopher Confucius

"Our greatest glory is not in never falling, but in rising every time we fall."

as the end of academic year 2013 - 2014 - Once again Good evening and CONGRATULATIONS!!!

 American Stone Trade ,1927 **National Symbols at the Olympic Games** Jörg Krieger,2025-02-17 This provocative book makes the case for the complete removal of national symbolism in the Olympic Games Focusing on the case of national flags at the Olympic Games it explores the history of national symbols at the Olympics and asks what this issue can tell us about the politicisation of sport in the twenty first century Drawing on multi disciplinary research from history political science and sociology and exploring the link between historical processes and the experiences of individuals the book attempts to deconstruct the global sport system and its traditions It argues that the history of flags is essentially the history of nationalism itself impacted by power interests and by exploring the lesser known Olympic histories of athletes such as American boxer Oscar De La Hoya or those from the Faroe Islands the book explores the complex links between national symbolism and international sport It concludes with a controversial set of proposals for breaking those links including a new tradition that would symbolically lock up national flags as part of the opening ceremony of Olympic Games Thought provoking and concise this book is fascinating reading for anybody with an interest in the politics sociology history or governance of sport or in nationalism international organisations or the history of protest Academic Earmarks United States.
