

# Science in Everyday Life

Science is a great aid to modern life. A modern man lives on the lap of science. This is his help-mate and companion in his daily life. The numerous gifts of science bless him from the early morning till the late night. He begins his morning with the alarm clock, the toothbrush, the tap water, the cup of tea and the newspaper. They are all the results of the great inventions of science. Again, his dress, vehicles, telephone and cooking appliances are all operated by science. When he feels sick, the wonderful drugs of science relieve him. When he feels tired, radio, cinema and television cheer him up. These are all mighty creations of science. Modern life is impossible without them.
