This checklist does not substitute for a pool inspection and is for educational purposes only. Pool owners should consider getting a professional assessment of their pool's compliance.

**Adult supervision, in combination with compliant pool safety fencing, is the most effective method of preventing a child from drowning.**

**Pool barrier requirements apply to spa pools indoor, outdoor, in ground, aboveground and other portable pools capable of being filled with water to a depth of 300mm or more.**

## SWIMMING POOL FENCE

❖ **Must be secure and in good working order**

❖ **Must be at least 1.2m high**
