All Music Guide to Rock Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts **Billboard** ,1995-11-18 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Britpop and the English Music Tradition Jon Stratton,2016-04-15 Britpop and the English Music Tradition is the first study devoted exclusively to the Britpop phenomenon and its contexts The genre of Britpop with its assertion of Englishness evolved at the same time that devolution was striking deep into the hegemonic claims of English culture to represent Britain It is usually argued that Britpop with its strident declarations of Englishness was a response to the dominance of grunge The contributors in this volume take a different point of view that Britpop celebrated Englishness at a time when British culture with its English hegemonic core was being challenged and dismantled It is now timely to look back on Britpop as a cultural phenomenon of the 1990s that can be set into the political context of its time and into the cultural context of the last fifty years a time of fundamental revision of what it means to be British and English The book examines issues such as the historical antecedents of Britpop the subjectivities governing the performative conventions of Britpop the cultural context within which Britpop unfolded and its influence on the post Britpop music scene in the UK While Britpop is central to the volume discussion of this phenomenon is used as an opportunity to examine the particularities of English popular music since the turn of the twentieth century *The Encyclopedia of Popular Music* Colin Larkin,2011-05-27 This text presents a comprehensive and up to date reference work on popular music from the early 20th century to the present day **Before Elvis** Larry Birnbaum,2013 An essential work for rock fans and scholars Before Elvis The Prehistory of Rock n Roll surveys the origins of rock n roll from the minstrel era to the emergence of Bill Haley and Elvis Presley Unlike other histories of rock Before Elvis offers a far broader and deeper analysis of the influences on rock music Dispelling common misconceptions it examines rock s origins in hokum songs and big band boogies as well as Delta blues detailing the embrace by white artists of African American styles long before rock n roll appeared This unique study ranges far and wide highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard but

also the influence of celebrity performers like Gene Autry and Ella Fitzgerald Too often rock historians treat the genesis of rock n roll as a bolt from the blue an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played only by and for black audiences In Before Elvis Birnbaum daringly argues a more complicated history of rock s evolution from a heady mix of ragtime boogie woogie swing country music mainstream pop and rhythm and blues a melange that influenced one another along the way from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm and blues Written in an easy style Before Elvis presents a bold argument about rock s origins and required reading for fans and scholars of rock n roll history **Billboard** ,1971-10-09 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends
