Smith's Organic Chemistry continues to breathe new life into the organic chemistry world. This new 3rd edition presents information in the form of bulleted lists and tables with minimal use of text paragraphs. Janice Smith saw a great need for stepped-out worked examples incorporated with biological, medicinal, and environmental applications and has built an art program that has yet to be seen in organic chemistry. Highlighting the art program are macro to micro art pieces that visually guide students to conceptually understand organic
